**2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experience and teachers use ICT-enabled tools including online resources for effective teaching learning process**

1. **Workshops, Seminars and Conferences**

The university overall organises several workshops, seminars and conferences throughout the year. The details of the conferences can be found in the annual reports available on the website (https://www.allduniv.ac.in/about-uoa/annual-report). Some glimpses of the same can be seen below.
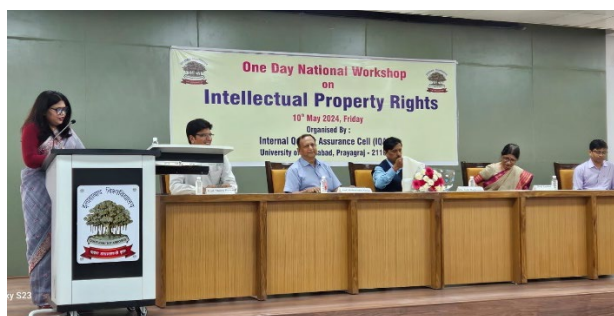

Fig. a. Music, b. KBCAOS, c. Law, IQAC, d, e. Physics f. Ancient History, g. Statistics h. CBCS
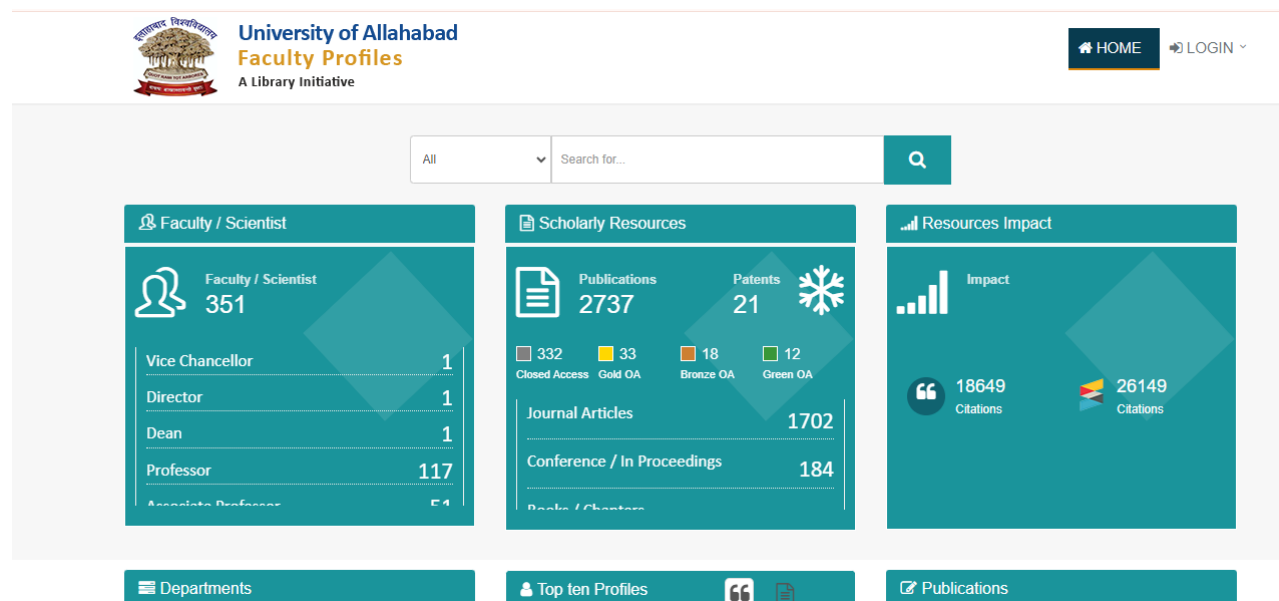

2. ICT Enabled Tools

UoA has its own broad network of 1GBPS high speed internet facility network with dual operating mode LAN and WAN at all over its campus as well as in hostels. In addition to LAN, entire university's campus is equipped with secured WiFi facility for students and staffs. University of Allahabad offers a standardized management of electronics resources which enables to share video tutorials, e-books, e-notes, journals and interactive e-content to increase student engagement & enable them to grasp their curriculum with ease.
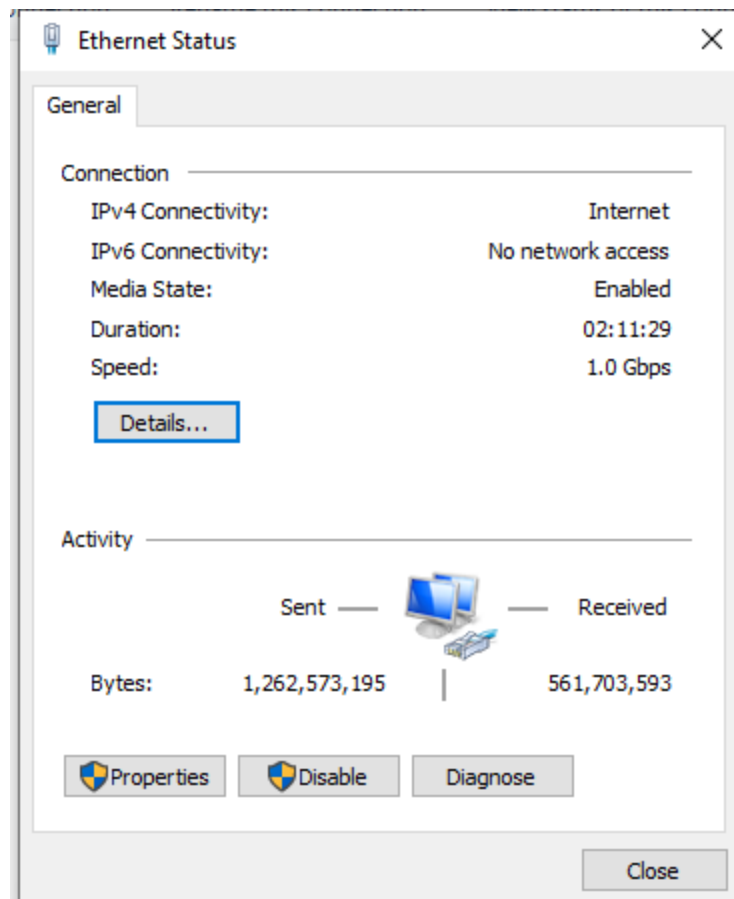

The faculty members have an updated profile on VIDWAN, IRINS, SCOPUS, Web of Science, Google Scholar etc. where entire research profile of faculty members and university can be seen.

University's profile or IRINS

Author profile on Web of Science

The Central Library provides different types of library services to its users. These may be summarized as:

1. Reference	10. Inter Library Loan
2. OPAC	11. Internet facilities for on-line access of e-resources
3. Circulation	
4. Reading	12. SDI and CAS
5. Lending to department/centre libraries	13. Access of e-resources
6. Photocopying	14. Remote Access
7. Consultation	15. Plagiarism Detection
8. Membership	16. Web OPAC
9. Book Reservation	

Fig. Facilities available in the university through Central library

Classrooms are equipped with modern ICT facilities such as projectors, Interactive whiteboards, LAN/WiFi etc. which helps in effective teaching learning. Students use these facilities to hone their communication skills. The outcome of this in the last five years has been complete transformation of students. Many of our students are continuously qualifying national level competitive examination such as NET/JRF/GATE etc. every year. At present, most classrooms have such facilities. These ICT-enabled classrooms have helped students learn more effectively, improve communication, and collaborate with each other. They have also helped teachers to improve their teaching practices and involve each student on an individual level. Some classrooms with ICT enabled facilities are shown for reference.

Fig. ICT enabled classrooms in Botany, Geography, Commerce, Law, Mathematics, Psychology

Students and faculty members are advised to use various e-contents available through GoI initiative. Some faculty numbers are taking faculty development programmes offered through NPTEL and ATAL for improving the quality of teaching while the students enrol in several such courses in NPTEL, SWAYAM, COURSERA etc. for additional learning. After these classes, some departments also conduct tests in the form of oral examinations to monitor the progress.

3. Training Programs

A number of training programmes are organised by different departments on various topics with an aim to skill the students, teachers, research scholars with the latest technology, softwares etc. Such as a summer Training Programme on "High Pressure Temperature Research and Analytical Techniques was conducted by NCEMP. DST-SERB sponsored Training Programme on Application of Geospatial Technology in Sustainable Management of Water Resources. SERB DST Sponsored 1- Month Residential Training & Skill Internship Program on High-End State of the art Scientific Equipment's. Special Lecture on Innovative Ideas and Novel Concept for Food Technology Startups. Two days virtual training programme on "Statistical method in food processing". Special Training Program on Animation Technique for Students of M.Voc. Media Studies.

4. Field Studies & Practical Approach

Several courses train the students through field study and practical. BSc Geology and MSc Applied Geology course regularly conduct field excursions to enhance the knowledge and understanding of the subject. MA Anthropology course also conducts similar field trips every year to apply theoretical knowledge in field to understand several complexities. Various other departments also promote field and practical approaches to enhance the knowledge of students. The syllabus of all the course is designed in such a manner where practical, theory, and tutorial classes are displayed.

Fig. a. BSc Geology course field trip in Novemenber 2023 b. MSc Applied Geology in March 2023, d. MA Ancient History in March 2023, e. MA Anthropology field trip in 2020 at Patalkot (MP)

5. Other Participative teaching-learning practices of diverse nature include:

Group activities and discussions are integral to participative teaching in several programmes in the university. Connecting theoretical knowledge to real-life situations helps students see the relevance of what they are learning. Impromptu presentations and topic of the student's choice are generally conducted in various departments. Some examples of the participative teaching learning are shown for the reference. Students, research scholars are trained in cutting edge machines and various tools and techniques in order to meet the demands of the market.

Online lectures

Work is worship
As per university calendar Dussehra break is from 21 October to 25 October 2020.
But Department is taking M.A.IV semester viva on 21st 22nd and 23rd October 2020 in (online mode for students only)
Few Glimpses of Day 1
work is worship... See more
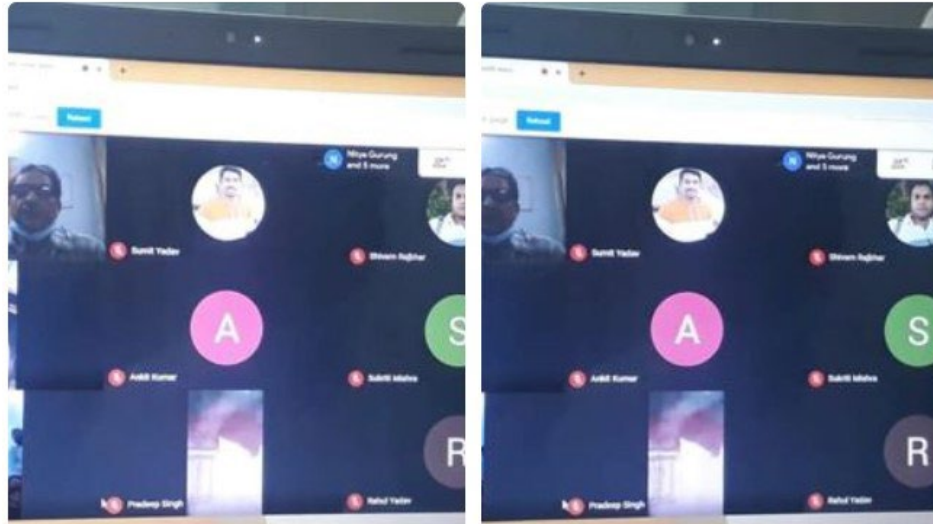

The Department of Education, University of Allahabad has started Dr. B.R. Ambedkar Lecture Series on Qualitative Research in Education (Online). The first lecture of this series was held on April 29, 2023 on the topic "Traversing contours of research through the questions of theory-practice dyad". Professor Jyoti Dalal, Department of Elementary Education, Institute of Home Economics, University of Delhi was the resource person. Participants from India and abroad attended the lecture. The lecture helped the participants to understand the nuances and rigor of qualitative research. Prof. Dhananjai Yadav, Head, Department of Education, University of Allahabad delivered the Welcome note. The session was moderated by the convenor of the lecture series Dr. Virender Kumar Chandoria and vote of thanks was given by the co-convenor Dr. Tushar Gupta.

The Department of Education, University of Allahabad had organised an online interactive session on "Understanding Specific Learning Disabilities (SLD): Role of Special and Regular Teachers in the Inclusive Classrooms" on 22 April, 2023. Professor Renu Malaviya, Department of Education, Lady Irwin College, University of Delhi was invited as the resource person for the session. The session helped the participants to understand the nuances of Specific Learning Disabilities and the classroom practices that can be incorporated for teaching children with SLD in the inclusive classrooms. More than 50 students and faculty members of the Department participated in the session. Prof. Dhananjai Yadav, Head, Department of Education, University of Allahabad welcomed the resource person, faculty members and students. Dr. Sangeeta Singh, Assistant Professor, Department of Education, University of Allahabad was the convenor of the session. Vote of thanks was given by the M.Ed. (IV semester) student, Ms. Suchita Yadav.

Blended mode class for UG and PG students to sensitize students for differently abled students

Valedictory session of 22 nd refresher course (12 Nov -25 Nov.) has been conducted on 25 Nov 2022. Theme of the Refresher course was Transforming Teacher Education and NEP 2020. Chief guest of the program was Prof. Seema Singh, honourable Vice- Chancellor UP Rajarshi Tondon Open University, Prayagraj. She emphasized the need of teachers' training in new technology, work culture in the educational institutions etc. She talked about Humane Reflective Teacher. Prof. Dhananjai Yadav, Head Department of Education and Prof. Ashish Saxena welcomed the guests. Prof. K.S. Mishra, Former Vice Chancellor, University of Allahabad delivered the Presidential adress. Program was conducted by Dr. Saroj Yadav, Coordinator of the Refresher course. Vote of thanks was given by Prof. Dhananjai Yadav.

Special Lecture on Internship for M.Ed. I & III semester students was organised by Department on December 6-7, 2022. The resource person was Dr. Akanksha Singh, Associate Professor, Department of Education, Lucknow University.
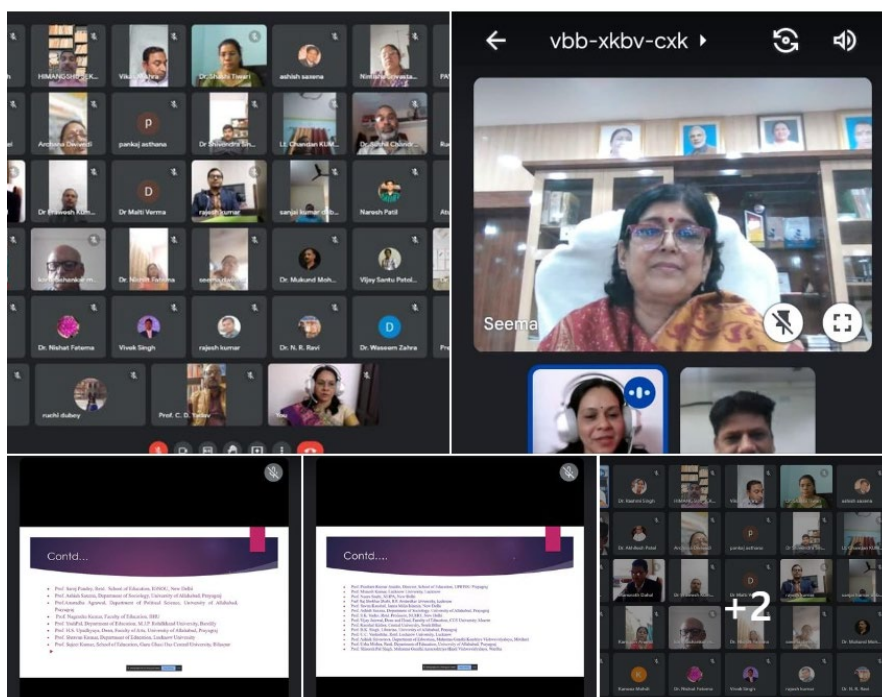

The Department of Education, University of Allahabad had organised an online interactive session on "Understanding Specific Learning Disabilities (SLD): Role of Special and Regular Teachers in the Inclusive Classrooms" on 22 April, 2023. Professor Renu Malaviya, Department of Education, Lady Irwin College, University of Delhi was invited as the resource person for the session. The session helped the participants to understand the nuances of Specific Learning Disabilities and the classroom practices that can be incorporated for teaching children with SLD in the inclusive classrooms. More than 50 students and faculty members of the Department participated in the session. Prof. Dhananjai Yadav, Head, Department of Education, University of Allahabad welcomed the resource person, faculty members and students. Dr. Sangeeta Singh, Assistant Professor, Department of Education, University of Allahabad was the convenor of the session. Vote of thanks was given by the M.Ed. (IV semester) student, Ms. Suchita Yadav.

Online Annual Researchers meet of Department of Education held today on 17.10.2020
Researchers presented their work through power point presentation,
Observer/V.C.Nominee Prof.Prashant Agarwal,Head Prof Dhananjai Yadav,All D.P.C. Members Prof .Ashish Saxena,Prof.Usha Mishra and faculty members Dr Ruchi Dubey, Dr.Prashant Astalin,Dr.Saroj Yadav,Dr. Akanksha Singh were present along with the students.
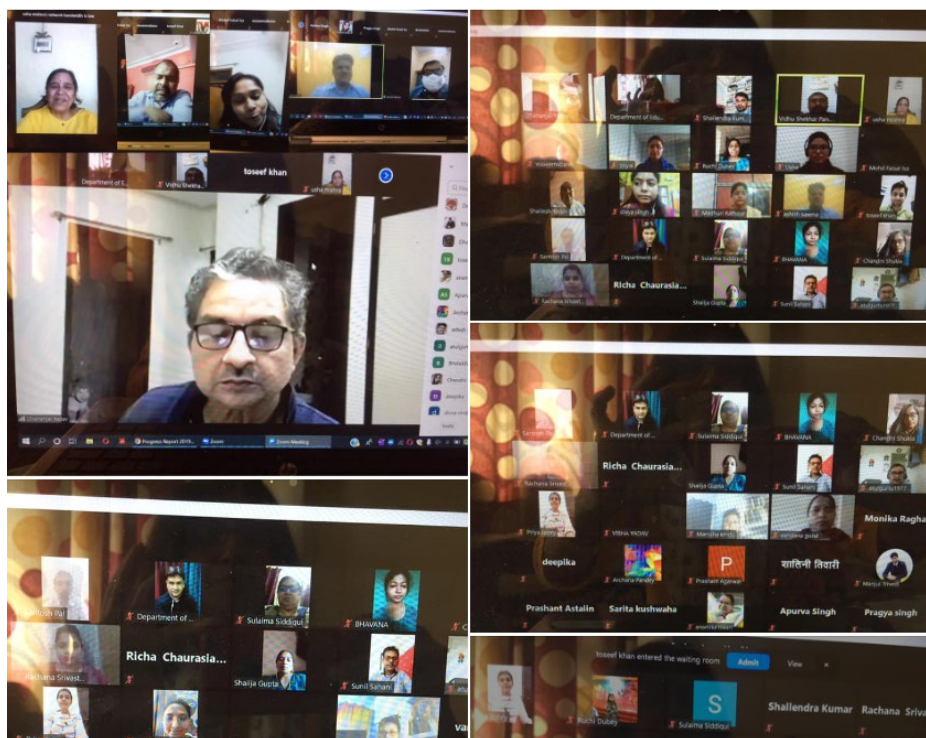

Accessofe-Journals and e-Databases: The Library provided access of approx. 6,504+ e-journalsand 11 e-databases andto its users. The access of these e-Resources were provided through UGC-INFLIBNET Consortium i.e. e-Shodhsindhu and subscription by the University.

- The University actively participated in all the Govt. of India initiatives such as Yoga Day, National Science Day, Guru Purnima, Environment Day, etc.

EFFECTIVE USE OF THE ICT FOR TEACHING, ADMISSIONS, AND E- GOVERNANCE

- University of Allahabad recognized the importance of providing the students with the type of networked computing environment they can expect to work. A programme of continual improvement ensures that both hardware and software are the latest.
- University of Allahabad has started its transformation towards paperless office under the leadership of Hon'ble Vice Chancellor. As a first stage towards paperless office, University of Allahabad started all its internal communications in electronic mode.
- University of Allahabad allows the students and faculty members to access the networked information resources (e-books and journals) anytime and from anywhere.
- University of Allahabad provides secure access, both on and off-campus, to coursework, electronic teaching and learning materials, exam results, and a variety of other information and services, much of which is personalized.
- Wireless network of University of Allahabad is available throughout its academic campus and hostels enabling mobile access to resources from a wide range of personal devices.
- University is continually working and developing innovative ways of using technology to support teaching and learning through virtual learning environment.
- Following ICT facilities are available in University of Allahabad:
  o 1gbps dedicated internet line
  o Personal institutional email and personal WiFi facility across different type of devices.
  o Remote access facility to read subscribed books and journals
  o More than 3000 computers and computing devices
  o Availability of high end computing machines for research purpose
  o Security features are available in University network
- Further, University is planning to enhance its ICT facilities, through incorporation of e-Office and Business Analytics system in University; increasing the bandwidth of internet line from 1 gbps to 10 gbps and placing the recorded lectures of faculty members on web.
- The campus-wide CCTV surveillance system, having pan, tilt, and zoom cameras, with the centralized control room, is being effectively used to cut down the security expenditure on the campus.
- The University is fully utilizing the digital initiative of MHRD, namely the MOOCs platforms like Swayam, NPTEL, ePG Pathshala, Swayamprabha, etc, as well as GIAN scheme to ensure that best and updated lectures are available to the student community.

INFRASTRUCTURE AND STUDENT AMENITIES

- On the occasion of Convocation on 8th Nov 2021, three new buildings including Gargi Mahila Chhatravas, Chandrashekahr Azad International Hostel, and Major Dhyanchand Students Activity Centre were inaugurated by the Ho'ble Union Education Minister Shri Dharmendra Pradhan, and the Chancellor Shri Ashish Kumar Chouhan.
- Construction of Student's Activity Centre has been completed within the stipulated time and has been named as Major Dhyanchand Student Activity Centre. The building will provide facilities for the extracurricular activities of the students.
- Construction of Sophisticated Advance Instrumentation Facility and M. N. Saha Centre for Space Studies has been completed. It will provide much needed facilities for the research work.
- Construction of first phase of Girls Hostel and the hostel has been named as Gargi Women's Hostel. In first phase it will provide accommodation for 124 girl students.
- Construction of a new Boys Hostel is completed. It will provide accommodation for 218 Boys students. It has provision for future vertical expansion.
