Campus Drive of "Gandhi Fellowship Program" for all final year students

About Gandhi Fellowship Program	Under the aegis of **Kaivalya Education Foundation** and **Piramal Foundation for Education Leadership**, Gandhi Fellowship is a unique two-year leadership program that gives the youth of India the unique opportunity to improve the public education system of India. As Gandhi Fellows, young change leaders are trained to cause large scale social and public systems change. As a Gandhi fellow, they will be assigned to either the District Transformation Program or the State Transformation Program. Both our programs follow the same course, a two-year residency with the primary stakeholders that stand to benefit from the intervention. The Fellows engage with the students of municipal schools, their teachers and Headmasters, their community and the Government appointed education system managers at the district and state level. Both are aimed towards creating disruptive improvements in Student Learning Outcomes.
