Hon'ble Visitor of the University

*The Visitor Hon'ble Her Excellency
President of India*
Smt. Droupadi Murmu

Smt. Droupadi Murmu was sworn in as the 15th President of India on 25th July, 2022. Previously, she was the Governor of Jharkhand from 2015 to 2021. She has devoted her life to empowering the downtrodden as well as the marginalised sections of society and deepening the democratic values.

Early Life and Education

Born in a Santhali tribal family on 20th June, 1958 at Uparbeda village, Mayurbhanj, Odisha, Smt. Murmu's early life was marked by hardships and struggle. On completion of primary education from the village school, she went to Bhubaneswar on her own initiative to continue her studies. She earned the degree of Bachelor of Arts from Ramadevi Women's College, Bhubaneswar and became the first woman from her village to receive college education.

Professional Career

From 1979 to 1983, Smt. Murmu served as a Junior Assistant in the Irrigation and Power Department, Government of Odisha. Later, she served as an honorary teacher at Sri Aurobindo Integral Education Centre, Rairangpur, from 1994 to 1997.

Public Life

In 2000, Smt. Murmu was elected from the Rairangpur constituency as a Member of the Legislative Assembly of Odisha and continued to hold the post till 2009, serving two terms. During this period, she served as Minister of State (Independent Charge), Department of Commerce and Transport in the Government of Odisha from Mar 6, 2000 to Aug 6, 2002 and as Minister of State (Independent Charge), Department of Fisheries and Animal Resources Development, Government of Odisha from Aug 6, 2002 to May 16, 2004. In both assignments, she introduced innovative initiatives and people-oriented measures.

She was also appointed a Member of various Committees including House Committees and Standing Committees of the Odisha Legislative Assembly. She also chaired some of the Committees.

With her rich administrative experience and thanks to her efforts to spread education in tribal societies, she carved a special identity for herself. For her services as a legislator, she was awarded the Pandit Nilkanth Das – Best Legislator Award in 2007 by the Odisha Legislative Assembly.

Governorship of Jharkhand

Smt. Murmu was appointed the Governor of Jharkhand on 18 May, 2015. She was the first woman tribal Governor of a tribal-majority State, and she received wide appreciation for upholding the values of the Constitution and supporting the rights of the tribal communities. She introduced reforms in examination and recruitment processes of the State Universities. She earned respect from leaders of all political parties for her statesmanship and adherence to democratic ethos.

Other Interests

Smt. Murmu was associated with several tribal socio-educational and cultural organisations of Odisha. She is an avid reader and has keen interest in spirituality.

Personal Life

In 1981, Smt. Murmu married (late) Shyam Charan Murmu, who was an officer in a bank. She has a daughter, Smt. Itishree Murmu, and son-in-law, Shri Ganesh Hembram (who is a rugby player).

Message

I am delighted to learn that the University of Allahabad, Prayagraj is publishing its XIX Annual Report for the year 2023-24.

This report stands as a testament to the University's unwavering commitment to excellence in education and its relentless pursuit of academic and institutional growth. It highlights the significant achievements, initiatives and contributions made during the year, reflecting the dedication of its faculty, staff and students.

I extend my best wishes on this occasion and hope the Annual Report serves as an inspiration for continued progress and excellence in the years to come.

Anandiben Patel
(**Anandiben Patel**)

From the Vice-Chancellor's Desk

Hon'ble Vice-Chancellor
Prof. Sangita Srivastava

Greetings from the University of Allahabad!

Founded in 1887, the University of Allahabad is a prestigious academic institution with a rich history spanning over 137 years. As India's fourth-oldest university, it was established with the vision of fostering liberal education and promoting a cosmopolitan perspective. From its early years, the university earned a distinguished reputation as a center of excellence in higher education and learning. The 21 historic residential hostels have cultivated a unique character and culture on the campus in these many years. The university proudly claims one of the most remarkable lists of luminaries among Indian institutions, with its alumni excelling across diverse fields like arts, sciences, judiciary, civil services, music, politics, governance, and business. With the passage of time, the University continues to uphold its commitment to producing high-quality human resources for the nation, contributing to its growth and advancement.

It is with immense pride and a sense of commitment that I present the Annual Report of the University of Allahabad for the Academic Year 2023–2024. This report offers a comprehensive overview of the University's profile, academic units, courses, student enrollment, and the notable achievements of both faculty and students, including those from institutions affiliated with the University. Over the past year, the University has made remarkable strides in academic excellence, administrative efficiency, financial management, and infrastructure development. Higher education has witnessed transformative changes, with a growing emphasis on interdisciplinary approaches that transcend traditional subject boundaries. *The New Education Policy 2020* marks a paradigm shift, focusing on the holistic development of individuals rather than merely creating a repository of knowledge. In line with this vision, the University has launched innovative integrated programs designed to meet the objectives of the policy. These include specialized courses in Artificial Intelligence, Family and Community Sciences, Data Science, Cognitive Science, and Disaster Management.

The University has experienced dynamic transformation with the *recruitment of 70% of faculty positions*. Faculty has arrived from all over the globe. This has led to higher teaching standards and cutting-edge research. *Non-teaching staff* forms the backbone of the institution. *75% of positions* have been filled to enhance efficiency on the campus. All CAS promotions are done for the University as well as for the Colleges. Allahabad University has made a place in the world QS ranking and is striving harder for better rankings. The public perception of the university has enhanced.

The unveiling of the Coffee Table Book, *"Citadel of Learning: The Glory of the University of Allahabad,"* marked a significant milestone. This beautifully crafted publication captures the University's illustrious legacy of academic, political, and social contributions over the past 137 years while also outlining its vision for the future. In addition, the

University is enthusiastically preparing for *Alumni Meet 2024*, with the goal of building a global community of AU alumni and to strengthen the enduring connection between the alma mater and its alumni. The University of Allahabad received significant funding from prestigious agencies such as FIST, DST, SERB, DBT, UGC-DAE, UGC-SAP, DRDO, MoES, and MHRD, enabling various academic and research advancements. This year, we also hosted several insightful lectures by eminent academicians and social scientists.

The University of Allahabad has made remarkable strides in cleanliness and beautification, transforming the campus into a serene and aesthetically pleasing environment. The greenery and the architecture go hand in hand in fostering quality education to the young minds. Significant progress has been made in the development of infrastructural facilities. These include the construction of a Reading Room for the Central Library, state-of-the-art lecture theatres for the Science faculty, Language Laboratories, an advanced auditorium, and faculty quarters, all of which are nearing completion.

Sports amenities for students, such as an international hockey turf, a new gymnasium, synthetic lawn tennis court, basketball court, and volleyball court, are now fully functional.

Under the Fit India Movement, a Sports Meet for faculty and students was successfully organized, promoting health and wellness within the campus community.

The University of Allahabad is dedicated to building capacity for national development, prioritizing excellence in teaching, learning, research, and innovation. These achievements are the result of the collective efforts of our faculty members. Moving forward, the University's success will depend on students realizing their full potential, not just academically but also in sports, culture, and the arts. The University is committed to providing an environment that fosters all-around development, and I hope that students, faculty, and staff will continue to work together to ensure the University's continued success in the future.

I extend my heartfelt gratitude to the Hon'ble Visitor and Chief Rector of the University for their unwavering support and encouragement. My sincere thanks also go to the Chancellor of the University for his invaluable suggestions and guidance. I deeply appreciate the cooperation and support of the Members of the Executive Council, Academic Council, and Finance Committee, whose contributions have been instrumental in the University's progress. I take this opportunity to acknowledge and commend the relentless dedication of the faculty members, officials, staff, students, and other stakeholders of the University. Their tireless efforts have been pivotal in achieving our shared goals and aspirations. A special note of thanks is due to the members of the Annual Report Committee Prof. Neelam Yadav, Prof. Ajay K. Jaitley, Dr. Pinki Saini, Dr. Sandip Anand Dr. Haribansh Singh and Dr. Anand Shankar Paswan for their diligent work in bringing out this publication in a timely and organized manner. I trust that readers will find the Annual Report both informative and insightful.

(Prof. Sangita Srivastava)

From the Editor's Desk

The committee is honored to present the XIX Annual Report of the University of Allahabad for the academic year 2023-24 (April 2023 to March 2024). This report highlights the significant progress made by the university during the year, along with new initiatives undertaken. It provides an overview of the university's achievements and summarizes key academic, administrative, and research-related activities across its various departments, sections, and units. Additionally, it showcases the contributions of faculty members and constituent colleges through publications, books, research projects funded by national and international agencies, as well as awards and honors received.

The committee extends heartfelt gratitude to Hon'ble Vice-Chancellor, Prof. Sangita Srivastava, for her visionary leadership, guidance, and unwavering support. We also wish to acknowledge the invaluable contributions of the Deans, Heads of Departments, Directors, Coordinators, Faculty, and Unit Heads, who provided the essential information included in this report. Special appreciation is due to Shri Mool Chandra Kushwaha for his meticulous assistance in compiling the report in its present form.

We hope this report will serve as a valuable resource for all stakeholders of the university. Any inadvertent errors or discrepancies are sincerely regretted.

MILESTONE OF THE UNIVERSITY

The University of Allahabad, established in 1887, is the fourth oldest in India and has to its credit significant academic attainments and contributions towards the promotion of higher education in the country. The University has been a unitary teaching institution (with certain kinds of institutions admitted to its privileges) since 1921, the year it came under Provincial (i. e. State) jurisdiction.

In recognition of its role, endeavours, and contribution in the fields of higher learning, national development, and social engagement, and with a view to help it realize its potential at the national level, the University has been re-incorporated by Parliament, upon the recommendation of the Government of India to that effect, as a Central University by means of the University of Allahabad Act 2005, which received the assent of the President on June 23, 2005, and has commenced on July 14, 2005.

The change in status from State to Central University has been accompanied by significant changes in the functional set-up, inter alia in respect of the constitution of its authorities, the modes and subject matter of internal legislation (the Statutes and the Ordinances), appointment and recruitment procedures, and provisions relating to institutions admitted to the privileges of the University.

The University was assessed by the National Assessment and Accreditation Council (NAAC) in April 2019, and accredited with a rating of B++.

Presently the University has four faculties; Arts, Commerce, Law, and Science; four university institutes: the Institute of Inter-Disciplinary Studies, the Institute of Professional Studies, Institute of Gandhian Thoughts and Peace Studies, and the National Centre of Experimental Mineralogy and Petrology and five independent university centres: Centre of Behavioural and Cognitive Sciences, Centre for Women's Studies, M.N. Saha Centre of Space Studies, Centre of Vocational Education and Skill Development, National Genomics Core Centre; one constituent institute: Govind Ballabh Pant Social Science Institute and eleven constituent colleges: Ewing Christian College, Chaudhary Mahadev Prasad Degree College, Allahabad Degree College, Shyama Prasad Mukherjee Govt. Degree College, Ishwar Saran Degree College, Sandanlal Savaldas Khanna Degree College, Arya Kanya Girls Degree College, Jagat Taran Girls Degree College, Rajarshi Tandon Girls Degree College, Hamidia Girls' Degree College and K. P. Training College.

Under the stewardship of distinguished Vice-Chancellors (Sir Ganganatha Jha, Pt. Iqbal Narain Gurtu, Prof. Amaranatha Jha and Prof. Tara Chand) and the academic leadership of illustrious faculty, the University took determined steps to enlarge its intellectual and educational ambit and gave a lead in national emancipation. In view of its achievements, as well as its position among the universities of Uttar Pradesh, the state government accorded it formal recognition in July 1992 as a 'Premier Institution' (Vishesh Agrani Sanstha), and at one point in time; it was called the "Oxford of the East". Several teachers and students played a prominent role in the national struggle, particularly from 1930, and the University solemnly recalls with pride the martyrdom of its student Lal Padmadhar Singh during the Quit India Movement.

The University has had on its rolls a host of politicians and statesmen including one president and two vice-presidents of India, two former prime ministers, several union and state ministers, at least four chief justices of the Supreme Court, besides a large number of senior bureaucrats and has contributed immensely to the Defence Sector of the Country.

The scholars who gave an idiosyncratic aroma to the academic vibes of the University, from its first venture into teaching in 1905, are too numerous to be named individually, and included such legendary figures as Amaranatha Jha, Raghupati Sahai "Firaq", S. C. Deb and P. E. Dastoor (English), H. N. Randle, R. D. Ranade, and A. C. Mukerji (Philosophy), L. F. Rushbrook Williams, Sir Shafaat Ahmad Khan, R. P. Tripathi, G. R. Sharma, D. C. Panday (History), Syed Muhammad Ali Nami and M. G. Zubaid Ahmad (Arabic and Persian), Udai Narayan Tiwari (Linguistics), P. K. Acharya, Babu Ram Saxena and Kshetresh Chandra Chattopadhyaya (Sanskrit), Dharendra Verma, Devi Prasad Shukla and Ram Kumar Verma (Hindi), Syed M. Zamin Ali and Muhammad Hafiz Syed (Urdu), Beni Prasad, Tara Chand, Ishwari Prasad (all three being historians of repute) and A. B. Lal (Political Science), R. N. Dubey (Geography), P. S. Naidu, S.B. Adawal (Education), Meghnad Saha, K. S. Krishnan, D. S. Kothari, Salig Ram Bhargava, R. N. Ghosh G. B. Deodhar and K. Banerjee, Prof. Rajendra Prasad Singh nickname Rju Bhैया (Physics), N. R. Dhar, Satyeshwar Ghosh and N.R. Dhar, Satya Prakash (Chemistry), A. C. Banerji, Gorakh Prasad, P. L. Srivastava and B. N. Prasad (Mathematics), J. H. Mitter, Shri Ranjan, R. K. Saxena and R. N. Tandon (Botany), D. R. Bhattacharya and H. R. Mehra (Zoology), H. Stanley Jevons, S. K. Rudra, C. D. Thompson, B. P. Adarka and J. K. Mehta (Economics), M. K. Ghosh and R. C. Choudhury (Commerce) and J. C. Weir, M. U. S. Jung, K. K. Bhattacharya, K. R. R. Sastry and T. N. Sapru (Law).

The University is now exploring the new magnitude of the institutional achievement, by renovating its academic system, reinforcing and augmenting its teaching, research and residential facilities and pursuing social purposes in a coordinated manner, to keep pace with international standards in these areas and endow human resource with the capabilities to serve the nation in the special context of the challenges and imperatives of globalization.

MISSION OF THE UNIVERSITY

To disseminate and advance knowledge by providing instructional and research facilities in the branches of learning; to make provisions for integrated courses in the humanities, the social sciences, the basic and applied science and technology in the educational programmes of the University; to take appropriate measures for promoting innovations in teaching-learning process, interdisciplinary and professional studies and research, removal of gender disparities and the digital divide, and the application of knowledge to social advancement, national progress and human welfare; and to educate and train human resource for the development of the country.

VISION OF THE UNIVERSITY

The University of Allahabad envisions itself as a global hub of knowledge and academic excellence. Embodied in the emblem of the Banyan tree, the motto “Quot Rami Tot Arbores” or “यावत्यः शाखास्तावन्तोवृक्षा” translates as “as many branches, so many trees.” The motto inspires us to cultivate diverse academic disciplines, symbolized by the branches, contributing to a vast forest of wisdom. It shapes the young minds to become nation builders of the future. With a steadfast commitment to quality education, research, and cultural richness, the university aims to ascend to the ranks of the world's top-class institutions, fostering innovation and producing leaders who shape the future world, creating an environment where the frontiers of knowledge are explored and reaching out in commitment to enriching the lives of the people.

DETAILS OF RESEARCH PROJECTS

DEPARTMENT OF EDUCATION

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	FLN of primary students of Central Uttar Pradesh	1 Year	IITE	1.70 lakhs	Dr. Sonia sthapak
2.	Influence of Edupreneurial Leadership on School Culture, School Innovativeness and Entrepreneurial Mindset of Secondary Schools' Students of Bihar	2 years	ICSSR	7,50000/-	Dr. Manish Kumar Gautam
3.	Phenomenological Inquiry into Lived Experiences and cultural practices of Witch-hunt as an organized crime in Jharkhand	2 Years	ICSSR	Rs. 600000/-	Dr. Sheelu Kachaap

DEPARTMENT OF GEOGRAPHY

Research Projects:

S. N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	“Assessing the Impact of Swachh Bharat Mission: A Comparative Study of Sanitation Practices in Two Indian Districts (Gaya and Prayagraj)”.	6 months Short-term Empirical Research Project (Collaborative)	ICSSR, New Delhi	₹14 Lakh	Prof. Umesh Kumar Singh, Dr. Kiran Kumari Singh (Project Director)
2.	Minor Research Project	1 year	ICSSR	₹4.8 Lakh	Dr. Pawan Kumar Sharma

DEPARTMENT OF JOURNALISM AND MASS COMMUNICATION

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Bhartiya Cinema Main Bhartiyata	One year	Indian Council of Social Science Research (ICSSR)	4.8 Lakhs	Dr. Amit Sharma

DEPARTMENT OF POLITICAL SCIENCE

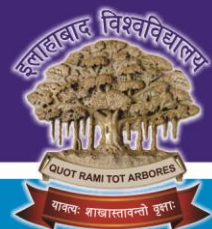

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Primary Institutions and Secondary Institutions: The English School and India's Global Climate Change-Development Diplomacy	2023-25	Indian Council of Social Science Research	11 lakhs	Dr. Anjan Kumar Sahu
2.	Philosophy of Kautilya's Saptang Theory Revisited: A Critical Analysis of Good Governance	2023-24	Indian Council of Philosophical Research	5 Lakhs	Dr. Niharika Tiwari

DEPARTMENT OF SANSKRIT, PALI, PRAKRIT AND ORIENTAL LANGUAGES

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Project on The Kashmiri Shaivism	2 years	ICSSR Major Project	52,00,000/-	DR. Minakshree Joshi

DEPARTMENT OF COMMERCE & BUSINESS ADMINISTRATION

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Socio-economic Impact of Prime Minister Kaushal Vikas Yojana in the Eastern Uttar Pradesh with special reference to Prayagraj	6 Months	ICSSR	5,00,000	Dr Shefali Nandan

DEPARTMENT OF BOTANY

Research Projects:

S. No.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	<i>Bioprospecting and Phyto-Microbiome Driven Strategies to Augment Drought and Disease Resistance of Soybean – SoyaMetaBiome..</i> vide Letter No: CRG/2021/003696-G dated 17 th January 2022.	3Years	DST SERB Core Research Grant	37 Lakh (Transfer under progress)	Ashwani Kumar
2.	Sodic soil reclamation: understanding the complex relationship between soil carbon and nitrogen turnover for cost-effective monitoring solutions (Completed in March 2023)	2 years	UGC	10 Lakh	Dr Pratap Srivastava
3.	Study of exosomal cargo during SARS-CoV-2 infection to study cerebrovascular injury in long-term/ chronic COVID-19"	2 years	DST-SERB	30 lakhs	Dr. Ritu Mishra

DEPARTMENT OF CHEMISTRY

Funding received during the period

S.N.	Agency	Purpose	Amount
1.	University of Allahabad Annual Grant	Consumable & Lab Grant	10,00,000

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount (Rs.)	Principal Investigator
1.	Transfer-Free Fabrication of High-Performance Atomic Switches using Wafer-Scale Single-Crystal Si ₂ Te ₃ and GeTe 2D Thin Films	36 month	Science and Engineering Research Board (SERB)	55,11,000.00	Dr. Anupam Giri
2.	Development of Nanoformulation approaches for slow release fertilizer	36 months	DST WOS-B	34, 10,904.00	Dr. Tulika Malviya
3.	Stimuli-responsive supramolecular cyclic peptide-polymer conjugate based nanotubes for targeted delivery of therapeutic agents.	Startup	University of Allahabad	5,00,000.00	Dr. Nilotpal Singha
4.	Rational design of bio-functional cyclic peptides to deliver therapeutic agents in targeted sub cellular organelles	24 months	Science and Engineering Research Board (SERB)	33,000,00.00	Dr. Nilotpal Singha
5.	Quantitative understanding of interactions of different anti-neurodegenerative drugs with protein coated gold nanoclusters: Biophysical aspects.	Start up	University of Allahabad	5,00,000.00	Dr. Pooja Meena

S.N.	Title of Project	Duration	Funding Agency	Total Amount (Rs.)	Principal Investigator
6.	Development of layered double hydroxide-based nanocomposite for water purification application	Start up	University of Allahabad	5,00,000.00	Dr. Sangita Kumari
7.	Design and Synthesis of Dynamic and responsive materials	Start up	University of Allahabad	5,00,000.00	Dr. Ajay Verma
8.	Design and synthesis of bio-inspired materials for the application in heterogeneous catalysis: Haloactonization of unactivated alkenes	24 months	Science and Engineering Research Board (SERB)	31,76,668.000	Dr. Ajay Verma
9.	Design and Development of Novel Heterogeneous Electrocatalysts for Electro-Organic Synthesis: A New Protocol in Sustainable Catalysis	Start up	University of Allahabad	5,00,000.00	Dr. Santimoy Khilari
10.	Development of hybrid photocatalyst for simultaneous CO ₂ utilization and fine chemical synthesis	24 months	Science and Engineering Research Board (SERB)	32,08,425.00	Dr. Santimoy Khilari
11.	Role of Secondary Sphere in Electrocatalytic CO ₂ Reduction by Cobalt Porphyrin Catalyst”	Start up	University of Allahabad	5,00,000.00	Dr. Soumen Saha
12.	Synthesis of coordination/organometallic complexes and their optical and catalytic application	Start up	University of Allahabad	5,00,000.00	Dr. Krishna Kumar Mana
13.	Treatment of textile dye wastewater using novel functional Bi ₂ Fe ₄ O ₉ /g-C ₃ N ₄ nanocomposite thin films by photodegradation method	36 months	Science and Engineering Research Board (SERB)	66,22,264.00	Dr. Simant Kumar Srivastav
14.	Red and infrared ratiometric sensors for monitoring of pH and hypoxia environment for biological and environmental monitoring applications	24 months	Science and Engineering Research Board (SERB)	28,27,000.00	Dr. Priyanka Srivastava
15.	Physico-chemical properties of carbohydrate binding proteins from the cucumber phloem sap and their gelation characteristics	36 months	Science and Engineering Research Board (SERB)	48,76,000.00	Dr. Kishore Babu Bobilli
16.	Bio-mimetic C(sp ³)-H Bond activation using high valent Metal-nitrido halide complexes	24 months	Science and Engineering Research Board (SERB)	32,31,008.00	Dr. Chakadola Panda
17.	Covalently Functionalized Metal-N ₄ on Multi-Walled Carbon Nanotubes for Oxygen Reduction Reaction in Hydrogen Fuel-Cell Application	60months	DST-Inspire	16,23,597.00	Dr. Satyanarayana Samireddi

DEPARTMENT OF DEFENCE AND STRATEGIC STUDIES

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	India's National Security Strategy: Policy perspectives and Challenges by 2025	5 years	UGC	56 Lakhs + 1 project fellows	Prof Prashant Agrawal

DEPARTMENT OF EARTH & PLANETARY SCIENCES

Funding received during the period

S.N.	Agency	Purpose	Amount
1.	University of Allahabad	Lab grant	Rs.50,000/-

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Spatio-temporal evolution of the TTG gneisses in Bundelkhandcraton, Central Indian Shield.	3 years	Ministry of Earth Sciences, Government of India	Rs. 75.66 lakhs	Prof. Jayanta Kumar Pati

DEPARTMENT OF ELECTRONICS AND COMMUNICATION (J.K. Institute of Applied Physics & Technology)

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Development of Ceramic dielectric material potentially viable for microwave devices	2 years	Department of Science and Technology {Technology and Transfer}	Rs. 50,81,546.00	Dr. Preeti Kumari Co-Principal Investigator
2.	Development of Secure and Efficient Cyber Security protocols for Smart e-Healthcare Systems	01 year	IoE, University of Delhi (Ref. No./IoE/2023-24/12/FRP)	Rs. 400000	(Dr. Vinod Kumar) Co-Principal Investigator

DEPARTMENT OF FAMILY AND COMMUNITY SCIENCES

Funding received during the period

S. No.	Agency	Purpose	Amount
1.	Allahabad University Annual Grants	Lab Grant	Rs. 1,00,000

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Micro greens value addition for advancement towards nutrition and wellness among adolescent girls in rural areas	3 Years	Council of Science & Technology, U. P.	11,94,000/-	Prof. Neetu Mishra

DEPARTMENT OF PHYSICS

Funding received during the period

S. No.	Agency	Purpose	Amount (in Rs.)
1	Consumable of Laboratory grant	Consumable, spare parts and minor repairing	3.5 lakhs
2	University of Allahabad	Seed Money Grant	35,00,000/-

Research Projects

S. N.	Title of Project	Duration	Funding Agency	Total Amount (in lakh Rs.)	Principal Investigator
1.	Investigation of mature seeds by synchrotron radiation, X-ray imaging, X-ray fluorescence and IR spectroscopy	2021-2024	UGC-DAE-CRS, Indore	6.39	Prof. K.N. Uttam
2.	Development of cost-effective solution processed high-k gate dielectrics for next-generation flexible electronics, neuromorphic, and energy harvesting devices	2023-2026	SERB, Delhi	40.36	Dr. Arvind Kumar
3.	Understanding the Impact of Swift Heavy Ion (SHI) on Nanostructured Zirconia and	2023-2026	IUAC, Delhi	6.03	Dr. Arvind Kumar

S. N.	Title of Project	Duration	Funding Agency	Total Amount (in lakh Rs.)	Principal Investigator
	Hafnia Film based Devices and Tuning of Electron Affinity				
4.	Investigation of axially symmetric and asymmetric structure in f-p-g shell nuclei	2023-2026	IUAC, New Delhi	6.03	Dr. Tarkeshwar Trivedi
5.	Investigations of shape coexistence and shape isomer in A= 70-80 mass region through gamma-gamma fast timing technique	2023-2026	SERB, New Delhi	Sanctioned, amount not received	Dr. Tarkeshwar Trivedi
6.	Investigation of ferrimagnetic vortex iron oxide (FVIO) based nanoparticles for magnetic hyperthermia applications	2023-2026	SERB, New Delhi	10	Dr. Kamlesh Yadav
7.	Investigations on porphyrin coated optical fiber sensors based on lossy mode resonances	2020-2023	SERB, New Delhi	2.92	Dr. Rajneesh Kumar Verma

DEPARTMENT OF STATISTICS

Funding received during the period:

S.N.	Agency	Purpose	Amount
1.	Reserve Bank of India	Conference	2 lakh
2.	DST	Conference	2.5 Lakh
3.	DRDO	Conference	50 thousand
4.	UPCST	Conference	1 lakh

DEPARTMENT OF ZOOLOGY

Funding received during the period

S.N.	Agency	Purpose	Amount
1.	University of Allahabad (Seed money grant)	For the development and upgradation of lab infrastructure facilities for seven youngest faculty members (Rs. 5 lakhs each)	35.00 lakhs

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Molecular mechanisms underlying seasonal changes in mood and cognition: A study in seasonal rodent's sensory systems	2 years	DST-SERB	~ Rs. 29,00,000/-	Dr. Gaurav Majumdar
2.	Circadian and seasonal regulation of mood and cognition in Syrian hamsters	3 years	DBT-NER	~ Rs. 30,00,000/-	Dr. Gaurav Majumdar
3.	Studying the role of <i>Helicobacter pylori</i> in regulating the m ⁶ A mRNA methylation in gastric cancer	3 years	DST-SERB	48,05,830/-	Dr. Rajesh Kumari
4.	In-situ biodegradation of pesticide (fipronil) using stable isotope probing (SIP)	3 years	SERB-DST	50,26,560/-	Dr. Ngangbam Sarat Singh

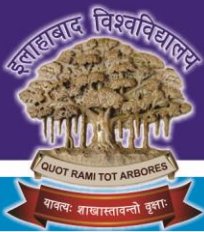

CENTRE OF BIOTECHNOLOGY

Funding received during the period

S.N.	Agency	Purpose	Amount
1.	Allahabad University Lab Grant	Practical works	Rs.1,00,000

Research Projects:

S.N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Design Innovation centre	2017 to 2025	MHRD	50 lakhs	Dr. Awadh Bihari Yadav
2.	Design Innovation centre	2017 to 2025	MHRD	50 lakhs	Prof. Mohan Prasad Singh

K.BANERJEE CENTRE OF ATMOSPHERIC AND OCEAN STUDIES

Funding received during the period

S. No.	Agency	Purpose	Amount
1.	DST-FIST	Equipment/Infrastructure upgradation	Rs. 137.00 Lakhs
2.	University of Allahabad	Consumables	Rs. 1.50 lakhs

Research Projects:

S. No.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Estimating Decadal Predictability of the Indian Summer Monsoon Rainfall in a Global Warming Scenario	2023-2026	SERB/ANRF, Govt. of India	22.0524 Lakhs	Prof. Suneet Dwivedi
2.	Variability and Predictability of Indian Monsoon in a Changing Climate	2024-2029	DST, Govt. of India	577.14080 Lakhs	Prof. Suneet Dwivedi

CENTRE OF ENVIRONMENTAL STUDIES

Funding received during the period

S.N.	Agency	Purpose	Amount
1.	LAB GRANT 2023- 2024	Purchase of chemicals and glassware for Laboratory of the Centre of Environmental Studies	Rs. 5,00,000

Research Projects:

S. N.	Title of Project	Duration	Funding Agency	Total Amount	Principal Investigator
1.	Assessing the Impact of Swachh Bharat Mission: A Comparative Study of Sanitation Practices in Two Indian Districts (Gaya and Prayagraj)”	6 months	Indian Council of Social Science Research (ICSSR), New Delhi	14,00,000/-	Prof. Umesh Kumar Singh
2.	Understanding the impact of extreme climate events on the mineral soil carbon pools in Bundelkhand region of Central India	3 year	SERB	5153760/-	Dr. Jitendra Ahirwal

CENTRE OF SCIENCE AND SOCIETY

Research Projects:

FACULTY OF ARTS

DEPARTMENT OF ANCIENT HISTORY, CULTURE & ARCHAEOLOGY

Introduction:

The department was founded in 1955 with the objective of promoting research and teaching in ancient history (including pre-history and proto-history) and ancient world civilizations. The department excavated the world famous archaeological site of Kaushambi from 1948 to 1964 with outstanding results. The department was chosen for Special Assistance Programme (SAP) by the UGC for three consecutive phases from 1981 to 1995. It was also granted the status of Centre of Advance Study (CAS) from 2001 to 2006. The department carried out International Collaborations with a) University of California, Berkeley (1980-82), b) Soviet Union on the Project, "Comparative Archaeology and Ethno-Linguistic Studies" (beginning in 1980), and 3) Australian Research Council (2005-2008). The Department is Internationally recognized for its studies in Socio-Economic Puranic studies and Art.

This department gets the credit of Establishing Archaeology in Northern India.

Department has following facilities:

- **G.R.Sharma Memorial Museum** developed out of cultural material recovered mainly through excavations and explorations in the Northern Vindhyas and the Middle Ganga Plains by the archaeologist of the Department.
- **Experimental Archaeology Lab:** Since its inception, January 2010, the lab has had been engaged in understanding **Cognitive Ecosystem of archaeological landscape** combining the results of the various scientific experimental techniques.
- **Archaeo-Zoological Lab:** for Archaeo-zoological Researches.
- Departmental Research and PG Library.
- Ithas Sanchetana : A forum of Lecture
- Lab of Archaeological Chemistry, Photographic Lab, Surveying Drawing Lab, Computer Reprographic Lab.

Thrust Areas:

- Archaeology
- Socio-economic history
- Art and Architecture
- Religion and philosophy
- Numismatic and Paleography
- Puranic Studies

DEPARTMENT OF ANTHROPOLOGY

Introduction:

The Department of Anthropology was established in the year 1985 and was headed by the eminent anthropologist late Prof. A.R.N. Srivastava. Since its inception, the Department of Anthropology has contributed immensely to the academic delivery of the university. The department provides education at both undergraduate and postgraduate levels and also trains the research scholars pursuing Ph.D. programme in Anthropology.

The department caters to both biological and social branches of the discipline and has well-equipped laboratories for Osteology, Osteometry, Prehistoric Archaeology, and an Anthropology Museum displaying human evolution through casts of human ancestors and various cultural objects of present-day tribes of India. An interesting feature of the anthropology course is the mandatory training of students (undergraduates and postgraduates) in the field with modern research tools and techniques of anthropology. The faculty members of the department also adopt a modern approach to teaching and research.

Thrust Areas:

- Forensic Anthropology
- Physiological Anthropology
- Human Growth and Development
- Bio-cultural Anthropology
- Indigenous Knowledge Systems and disaster management
- Environment, Climate change, and sustainability
- Anthropological Theories and Research Methods
- Medical Anthropology
- Industry-society interface
- Reproductive Health

DEPARTMENT OF ENGLISH AND MODERN EUROPEAN LANGUAGES

Introduction

Established in 1922, the Department of English and Modern European Languages began functioning under the stewardship of S. G. Dunn, the first Head of the Department. To commemorate his services, the University gives away S. G. Dunn memorial gold medal every year to the student scoring the highest marks in English in the UG Final examination. In a history of more than a hundred years since its inception, the department has kept on evolving in multifarious ways. At the core of this evolution has been the philosophy that combines timeless values with the perceptions and perspectives that keep changing with time.

The Department has a rich legacy that one can feel proud of and can learn from. The teachers of the Department have made it big as teachers, and some of them have been well-known creative writers too. Among the ones who have brought much recognition to the Department as teachers of repute, to name a few, are Amarnath Jha, S. C. Deb, P. E. Dustoor, Y. Sahai, V. Rajamani, M. M. Das, Rajnath, K. G. Shrivastava, A. N. Dwivedi, and Arindam Chatterjee.

The Department has had creative writers of wide recognition and fame. Firaq Gorakhpuri won the Sahitya Akademi award for Urdu in 1960 and Jnanpith award in 1969. Harivanshrai Bachchan was given the Sahitya Akademi award in 1968 and Padma Bhushan in 1976. Jayakant Mishra was given the 'Bhasha Samman' of Sahitya Akademi in the year 2000. Neelum Saran Gour received the Sahitya Akademi award for *Requiem in Raga Janki* (novel) for the year 2023. Also well known for their creative writing are A. K. Mehrotra, L.R. Sharma, Smita Agarwal, and S. K. Sharma. A. K. Mehrotra has brought out five poetry collections to date; and L. R. Sharma has already published two novels, one novella, and two short story collections. Smita Agarwal has so far published three poetry collections and has also written short fiction, and S. K. Sharma has a critically acclaimed poetry collection to his credit apart from the stories he has published.

DEPARTMENT OF MEDIEVAL AND MODERN HISTORY

Introduction:

The Chair of Professor in Department of Medieval & Modern History was created in 1912-13. Academic lectures and teaching commenced in December 1916. Gradually eminent historians joined the department on the invitation and appointment made by the first HOD, Prof. L. F. Rushbrook Williams. Those joining in 1917-1919 period include Ishwari Prasad, R. P. Tripathi, Beni Prasad, Sir Shafaat Ahmad Khan and Dr. Tara Chand. Two of the above earned the D.Litt. degree of the London University by working under the legendary Harold Laski – Beni Prasad and R. P. Tripathi. By 1935, when the first session of the Indian History Congress was held at Pune – it was deemed necessary to unanimously elect Prof Shafaat Ahmad Khan, then HOD of our Department as its first president because of the immense contributions made by the historians working under his stewardship. Their contributions gave rise to what came to be emerging later as the “Allahabad School of History”.

DEPARTMENT OF POLITICAL SCIENCE

Introduction:

The Department of Political Science of the University of Allahabad began functioning in 1927. It has a glorious past and was headed by eminent historians like Dr. Beni Prasad, Prof. Ishwari Prasad and Dr. Tara Chand, and reputed Political Scientists like Prof. A.B. Lal and Prof. A. D. Pant. The Department gained recognition for its academic excellence and the remarkable achievements of its students, especially their accomplishments in Civil Service Examinations. The teachers of the Department have both national and international exposure. The Department has a full-fledged functional library that immensely benefits the students and teachers as the library has more than 5000 books. The department regularly contacts its alumni and organises informal interactions with them to enhance the development of the department. Eminent bureaucrats and academicians frequently visit the department and substantially contribute to the academic and infrastructure development. The department has also produced many JRF and NET scholars—clearly establishing the high quality of teaching and research. It has gained recognition as India's leading center of knowledge and research.

DEPARTMENT OF PSYCHOLOGY

Introduction:

The Department of Psychology at University of Allahabad was established in 1961 with Prof. Durganand Sinha as the first chairperson and two other faculty members. In 1977, the UGC approved it as a Department of Special Assistance (DSA) and the faculty strength was increased to 20. In recognition of its outstanding contribution to the field of Psychology in India, the Department was upgraded as the centre for Advanced Studies (CAS) in 1984 by the UGC. The Department was evaluated by the UGC and second, third and fourth terms of CAS were sanctioned between the period 1989 to 2008.

In 1989, the Department started an international journal 'Psychology and Developing Societies' in collaboration with the Sage publications which is now in its 34th year. The Department was the first in the University to start D. Phil. with course work as early as in 1979. Semester system in P.G. Programme was started in the Department in 1989 and later on, in 2001, the Department adopted 'Choice Based Credit System' in P.G. Programme. The Department has a Departmental Library which is recognized as regional resource center.

DEPARTMENT OF SOCIOLOGY

Introduction:

A long felt need for the establishment of the Department in the University of Allahabad became reality in June, 2010. Though, the department of Sociology is in its infant stage, it has contributed immensely to the discipline of Sociology globally. In order to strengthen the discipline of Sociology, its contribution, in terms of research and publication is of utmost importance which has been recognized and appreciated among national and international academia. The innovative and output oriented teaching and learning is the sole purpose of the department and for the sake, the department is rigorously working with zeal. Not only theory in the class room but also the empirical realities from the field is interfaced to enlighten the students; as a result, the department imbibes the scientific temper and spirit of rational enquiry, and this all is possible with the faculty members and staff who hail from different parts of the country; hereby it too, maintains the national character of the department. The department is very vibrant in academic deliberations viz. National / International Seminar & Conferences, Refresher Courses, Symposium, Workshop etc. It offers courses like B.A., M.A., and PhD in Sociology; the curriculum of the courses is designed keeping in view of the New Educational Policy (NEP), 2020. The alumni of the department are placed in various public and private sectors such as academia, civil services, corporate, NGOs, judiciary etc.

FACULTY OF COMMERCE

DEPARTMENT OF COMMERCE & BUSINESS ADMINISTRATION

Introduction:

The Department was set up in 1924 with the introduction of UG/PG teaching in Commerce. The Management wing was added in 1965 with the setting up of Motilal Nehru Institute of Research and Business Administration and the launching of PG programme leading to the award of Master's degree in Business Administration. In fact, the Department was the first among the Indian University departments to take a lead in starting formal education in Management. During the year the academic calendar was strictly observed and the admissions, teaching, and examinations for various classes were held on time.

Thrust Areas:

- Finance & Accounting
- Marketing
- Human Resource Management
- Information Technology

Department facilitates: -

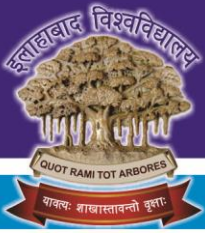

- for developing professional competence in the students to enable them to face international competition.
- the students to become effective leaders of people, who can achieve results beyond expectations and transform organizations.
- creative thinking so that students come out with innovative answers, create alternative solutions and develop entrepreneurial skills.
- for inculcating values of integrity, justice and fairness so that the students are trained to promote and maintain high ethical standards at their professional and personal lives.

DEPARTMENT OF ECONOMICS

Introduction:

The Department of Economics became a full-fledged department in 1914, with the appointment of Prof. Herbert Stanley Jevons (Son of the Marginalist, W.S. Jevons) as the first Professor of Economics and Head of the Department. A post-graduate course was also introduced the same year, so that the full fledgling department offered both, under-graduate and post-graduate courses. In view of the above, 2014 is taken to be the Centenary Year of the Department. Prof. Jevons also founded the Indian Journal of Economics in the year 1916. It is the first economics journal ever to be published in India and even today this is being regularly published.

The legacy of Prof. Jevons was faithfully adhered to by stalwarts like Professors C.D. Thompson, A.R. Burnett-Hurst and S.K. Rudra, Mr. B.P. Adarkar, and later by Professors J.K. Mehta, P.C. Jain, S.L. Parmar, Mahesh Chand and many others. Faculty members such as Prof. H.S. Jevons, Prof. C.D. Thompson, Prof. S.K. Rudra and Prof. J.K. Mehta became Presidents of the Indian Economic Association Conferences of 1922, 1934, 1946, and 1968 respectively. Former faculty of the Department who became Presidents were Dr. M.V. Mathur (1967), Prof. Gautam Mathur (1978) and Prof. P.D. Hajela (1980). Allahabad had the proud privilege of hosting I.E.A. conferences in the years 1920, 1929 and 1940.

The Department at present has thirty three faculty positions, of which 16 are currently in place, consisting of 01 Professor, 2 Associate Professors and 13 Assistant Professors. It also has a Planning and Development Unit, created through an endowment by the Planning Commission, Government of India, with the renowned development economist, Jean Dreze was Associated with it as the Honorary Chair Professor. The UGC also selected the Department under Special Assistance Programme (SAP) in 2004-05, DRS-I level. It was further renewed in 2009-10, DRS-II level. The Department looks ahead further to convert it into a Centre for Advanced Study.

FACULTY OF LAW

DEPARTMENT OF LAW

Introduction

Law as a subject was introduced in the year 1872 in affiliation with the Calcutta University. In 1887, the Department of Law was established in 1890, the Department became a separate single Department /Faculty of the University along with the Faculties of Arts, Science and Commerce. Hon'ble Justice D. Straight was appointed as the first President of the Department. The Law Department functioned in Muir College from 1872 onwards till the new building was constructed for the Law Faculty around 1910, adjacent to Senate House. By an Act of the United Province of British India, Prof. Weir, a distinguished jurist became the first Head of the Law Department. The Department was shifted to the new building which was constructed by UGC grant in the Chatham Lines Campus of which Hon'ble Mr. A. K. Sen the then Law Minister of India, had laid the foundation stone in 1965

The aims and objectives of Faculty of Law, University of Allahabad is to provide excellence in legal education. We aim at expanding the horizons of legal knowledge for full growth of human personality and well being of mankind. We also aim at devising, developing and applying new teaching techniques, research methods and also arrange for extension programmes in legal education. We strive to develop better human resources for trade, industry, public administration, departments of law and justice. Our continuous endeavour is to promote study in law, legal institutions and processes of justice in close context of the knowledge of other disciplines having vital bearing on human behavior and society in all aspects.

In the process of reform and excellence in legal education, the Faculty of Law introduced a Five Year Integrated Course of Law w.e.f. the academic session 2005-2006. Its prime purpose and aim is to fashion new techniques of teaching and design courses to cope with the challenges and issues in contemporary society. A separate building for Law Five Year Integrated Course was constructed in the Law Faculty campus.

FACULTY OF SCIENCE

DEPARTMENT OF BIOCHEMISTRY

Introduction:

The Department of Biochemistry, established in 1968, was among the first in the country to offer a Master's course. It now provides a 2-year M.Sc., a 3-year undergraduate B.Sc. with Biochemistry, and a Doctoral program. Admission to the Department is highly competitive, attracting top students. With a faculty of six, research areas include HIV-1 molecular biology, drug design, toxicology, aging, and natural product-based antimicrobials, in collaboration with national institutes.

Thrust Areas:

- Aging
- Neurobiology
- Oxidative Stress and Antioxidants
- Environmental Biochemistry and Toxicology
- Natural Product-Based Antimicrobials
- Caloric Restriction Mimetics

Programmes of Study:

DEPARTMENT OF BOTANY

Introduction:

Department of Botany is one of the oldest departments of Plant Science in the country instituted in 1923 with Professor Julian H. Mitter as the founder Head (1919-1941). Known for its multidisciplinary character and internationally acclaimed teaching and research, producing eminent scholars and administrators occupying renowned positions within and outside the country. Distinction of being recognized by UGC under (1) Special Assistance Programme (SAP, 1976), (2) The COSIST Support Programme (1990) and (3) FIST (2016). Offers teaching in (1) Post-graduate program in Botany and Agricultural Botany (2) B.Sc program and (3) Doctoral Research Program. Central Instrumentation Facility having AAS, HPLC, Refrigerated Centrifuge, Spectrophotometer and Milli Q instruments for training and research purpose.

Highlights of the department:

- Agharkar museum having impressive spectrum of living and fossils plants displayed in a chronological order.
- Botanical garden with state of the art collection of plants, including Gymnosperm and Pteridophytes.
- Classrooms equipped with digital infrastructure and laboratories with appropriate equipments
- Air conditioned and spacious auditorium and Duthie Herbarium with over 20,000 specimens of plants.

Thrust Areas:

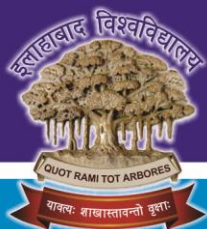

- Cytogenetic and Plant Breeding,
- Mycology and Plant Pathology
- Molecular biology and Biochemistry
- Ecology, Environment and Forestry
- Microbiology and Virology
- Plant systematics and conservation
- Plant physiology and cell signaling
- Phycology and Limnology
- Plant Synthetic and Developmental Biology
- Metagenomics and Metabolomics
- Plant microbe interaction and Phyto-remediation

DEPARTMENT OF CHEMISTRY

Introduction

Established in 1921, the Department of Chemistry is one of the oldest, most prominent, and core departments of the Faculty of Science. It earned significant scientific recognition on the (inter)national platform under the visionary guidance of Prof. N. R. Dhar (I.E.S.). Sheila Dhar Institute of Soil Science, founded by him in 1935, is also an integral part of the Department of Chemistry focusing on Agricultural Chemistry education and research. The Department continues to excel in delivering quality education, both in teaching and practical, to nearly 2000 students every year at the level of UG, PG, and PhD and performs cutting-edge research. Presently, thirty-five faculty members with diverse fields of research experience are serving the cause in the emerging fields of chemistry for societal development. The Department has an excellent track record of attracting research funds from various nationalized funding agencies (DST, CSIR, UPCST, etc.). Especially, in this academic year, the department has received external funds worth a value of approx. 4.2 crore.

Thrust Areas:

- Synthetic Organic Chemistry
- Drug Designing and Medicinal Chemistry
- Biopolymer, Nanocatalysis, Nanomaterials
- Material Science and Nanotechnology
- Chemical Kinetics
- Co-ordination Chemistry
- Green Synthesis of biodynamic heterocyclic scaffolds
- Soil Chemistry
- Energy and Environment
- Sensors and electronic devices for medical diagnosis
- Computational Chemistry

Programmes of Study:

S.N.	Programme of Study	Duration	No. of approved Seats Intake	Specialization(s)

S. No.	Name of Faculty	Gender	Designation	Area of Specialization
7.	Dr. Manish Srivastava	Male	Associate Professor	Catalyzed organic synthesis, Nanocatalysis, Nano sensors, Chemical Kinetics, Water Pollution, Biodiesel
8.	Dr. Deepti Verma	Female	Assistant Professor	Chemical Biology and Applied Chemistry
9.	Dr. Anupam Giri	Male	Assistant Professor	Single-Crystal Semiconductor Thin Films, High-Performance Transistor and Memory Devices, Solar Cells and Photodetectors, Functional Nanomaterials for Nanomedicine
10.	Dr. Chakadola Panda	Male	Assistant Professor	Bio-inspired Catalysis, metal complexes, metallo-enzymes, Molecule derived functional materials for energy and environment.
11.	Dr. Sandeep Goyal	Male	Assistant Professor	Mass spectrometry, metabolism, proteomics, Proteins and peptide, and pharmacokinetics, Phospho-proteomes, Human cytochrome P450.
12.	Dr. Himanshu Arora	Male	Assistant Professor	Biomimetic Chemistry, Metal-coordinated Phenoxyl Radical Complexes, Molecular Magnetism, Catalysis
13.	Dr. Kamalakanta Behera	Male	Assistant Professor	Photophysics, Ionic Liquids, Deep Eutectic Solvents, Colloids, DNA and Protein Biophysics, Sensors and Biosensors
14.	Dr. Priyanka Srivastava	Female	Assistant Professor	Organic-analytical Chemistry, sensors, Ratiometric sensors, multicolournanosensor systems, Selective target-based sensors
15.	Dr. Girijesh Kumar	Male	Assistant Professor	Metal-organic frameworks (MOFs) based heterogeneous catalysis, Supramolecular chemistry, molecular cages / chiral cages, biologically important ions/ molecules and enantioselective organic transformation reactions, N-heterocyclic carbene chemistry
16.	Dr. Varun Rai	Male	Assistant Professor	Biosensors; Water monitoring sensors (Lab on a chip), Electrochromic materials and devices Electro catalysis; energy storage, E-waste recycling (Metal recovery)
17.	Dr. Simant Kumar Srivastav	Male	Assistant Professor	0D, 1D, and 2D Multifunctional Nanomaterials: Synthesis, Structural Characterizations and Properties
18.	Dr. Tulika Malviya	Female	Assistant Professor	Biopolymers; nanoparticles, drug delivery; water remediation; slow-release nano fertilizers; Characterization analysis
19.	Dr. Santosh Bahadur Singh	Male	Assistant Professor	Redox Chemistry, Nano catalysis, Chemical Kinetics, Nanoscience, Green Chemistry, Sustainable Chemistry, Environmental Science
20.	Dr. Satyanarayana Samireddi	Male	Assistant Professor	Electrocatalysts, green energy application, Polymer Electrolyte Membrane Fuel Cells (Hydrogen Fuel Cells), CO ₂ reduction to solar fuels
21.	Dr. Ajay Verma	Male	Assistant Professor	Biologically Important Heterocyclic Molecules, Mechanistic Investigation of the Reaction Pathways, Porous Materials for Catalysis
22.	Dr. Rakesh Verma	Male	Assistant Professor	Inorganic Materials & Energy Storage Devices: Li/Na/K-ion Rechargeable Batteries, Next-generation Rechargeable Batteries (Aqueous Batteries, Li-S Batteries, Li-O ₂ Batteries) & all-solid-state batteries.

S. No.	Name of Faculty	Gender	Designation	Area of Specialization
23.	Dr. Satyendra Kumar	Male	Assistant Professor	Inorganic synthesis, Catalysis of coupling reaction by transition metal complexes, Metal organic framework, Alkene dehydrogenation, molecular qubits with transition metal ions
24.	Dr. Vivek Kumar Yadav	Male	Assistant Professor	Theoretical and computational chemistry, Computational Materials Science, Bio-simulations
25.	Dr. Manoj Kumar Gangwar	Male	Assistant Professor	Synthetic Organic and Organometallic Chemistry, Base metal catalyzed C-H bond functionalization, Surface Organometallic Chemistry (SOMC), Polymer Chemistry: Waste Plastic Recycling
26.	Dr. Pitambar Patel	Male	Assistant Professor	Total Synthesis, Transition metal catalysis, Natural product Chemistry, Synthetic methodology, Medicinal Chemistry.
27.	Dr. Krishna Kumar Manar	Male	Assistant Professor	Inorganic Chemistry (Coordination Chemistry/Organometallic Chemistry)
28.	Dr. Atul Kumar Singh	Male	Assistant Professor	Organic synthesis specially methodology development
29.	Dr. Palraj Kasinathan	Male	Assistant Professor	Heterogeneous catalysis, Plasma Catalysis, Biorefinery, Nano synthesis
30.	Dr. Soumen Saha	Male	Assistant Professor	Inorganic Synthesis, reactivity, Transition metal-based electrocatalysis, molecular sensor
31.	Dr. Dhanjai	Male	Assistant Professor	Analytical Biosensors/sensors, Analytical & Bio-analytical Chemistry, Materials Chemistry, Environmental Chemistry, Bioelectrochemistry.
32.	Dr. Kishore Babu Bobbili	Male	Assistant Professor	Protein Biophysics, Protein-Ligand and Protein-Protein Interactions. Lectins purification and physicochemical characterization. Protein-carbohydrate interactions and their implications for antiviral and antibacterial properties.
33.	Dr. Nilotpal Singha	Male	Assistant Professor	Peptide amphiphile-based self-assembly; Therapeutic peptides; Supramolecular chemistry.
34.	Dr. Pooja Meena	Female	Assistant Professor	Chemical and Biological Thermodynamics Biophysical Chemistry, Protein folding and Protein solvent interactions
35.	Dr. Santimoy Khilari	Male	Assistant Professor	Material Chemistry, Sustainable Catalysis (Photocatalysis, Electrocatalysis, and Photoelectrocatalysis), Energy storage.
36.	Dr. Sangita Kumari	Female	Assistant Professor	Two dimensional layered nanomaterials, tribology, wastewater treatment, CO ₂ Reduction

1.	Prof. Ramendra K. Singh	HIV /AIDS: A dreaded disease and social implications	Invited talk	16th June, 2023	University of Kashmir, Kashmir
2.	Dr Ajay Verma	Overview of the spectroscopic technique used in the organic synthesis	Invited Guest Lecture under the aegis of DBT Star College Scheme	28th July, 2023	Department of Chemistry, K. N. G. PG College, Gyanpur, India
3.	Dr. Pooja Meena	Thermodynamic Insights into Effect of Albumin Coated Gold Nanosystems for Antibiotic Drugs and DNA Binding	Oral Presentation in 26th IUPAC International Conference on Chemical Thermodynamics	30th July – 04th August, 2023	Osaka, Japan
4.	Dr. Priyanka Sriastava	A simple Turn-On Fluorescent Chemodosimeter to detect Cys in partial Aqueous medium	Lecture delivered	05th August, 2023	CMP degree college, Prayagraj
5.	Prof. Ramendra K. Singh	E-resources in Science	Lecture Series Know Your E-resources	07th August, 2023	CMP Degree College, Prayagraj, UP
6.	Dr. Santimoy Khilari	Functional Nanomaterials for Waste Water Treatment: Photocatalytic and Electrocatalytic Approach	Invited talk on Water, Life, Health and Wellness	13th August, 2023	Department of Chemistry and Department of Pharmacy, Banasthali Vidyapith, Rajasthan
7.	Dr. Dhanjai	BioSensors for Healthcare	Special Lecture	04th September, 2023	Department of Zoology, Vallabh, Govt. College, Mandi, (H.P.), India
8.	Dr. Simant Kumar Srivastav	Nanomaterials: Synthesis, Characterizations, and Applications	Resource person in DBT sponsored One Week Faculty Development Programme	13th - 18th September, 2023	CMP Degree College, Prayagraj, UP
9.	Dr. Dhanjai	BioSensors: Applications to Healthcare & Environment	Invited Lecture	03th October, 2023	Abhilashi University, Chailchowk, Mandi, (H.P.), India
10.	Dr. Pooja Meena	Mechanistic Insights into Effect of Albumin Coated Gold Nanosystems for Antibiotic Drugs and DNA Binding	Invited Talk in 13th National Conference on Thermodynamics of Chemical and Biological Systems	26th -28th October, 2023	Department of Chemistry, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur, Maharashtra
11.	Dr. Vivek Kumar Yadav	Structure and Dynamics of Chemical and Biomolecular Systems (SDCBS23)	Chair Person	26th -28th October, 2023	IIT Kanpur
12.	Dr. Kishore Babu Bobbili	Structure and interactions of the phloem lectin (phloem protein 2) cus17 from cucumber	12th Asian community of Glycoscience and Glycotechnology (12th ACGG) conference	8th-11th November, 2023	School of Lifesciences, University of Hyderabad, India
13.	Dr. Vivek Kumar Yadav	Theoretical Chemistry Symposium (TCS2023)	Invited Talk	07th-10th Dec, 2023	IIT Madras, Chennai
14.	Dr. Vivek Kumar Yadav	DAE-BRNS National Workshop on Atomistic Modeling of Molecules and Materials (AMMM-2023)	Invited Talk	11th-14th Dec, 2023	BARC, Mumbai
15.	Dr. Santosh Bahadur Singh	Judge the quiz competition during academic fest “Gyanotsav” an event to nurture the skills of young mind	Academic fest “Gyanotsav” an event to nurture the skills of young mind	11th January, 2024	S.S. Khanna Girls’ Degree College, University of Allahabad, Prayagraj
16.	Dr. Santosh Bahadur Singh	Judge the quiz competition during academic fest “Gyanotsav” an event to nurture the skills of young mind	Academic fest “Gyanotsav” an event to nurture the skills of young mind	11th January, 2024	S.S. Khanna Girls’ Degree College, University of Allahabad, Prayagraj

17.	Dr. Tulika Malviya	Nominated by DST, New Delhi and Participated on Invitation	Participated as a delegate in India International Science Festival (IISF-2024)	17th-20th January, 2024	Department of Space, Department of Atomic Energy, and Government of Haryana in association with Vijnana Bharti (VIBHA)
18.	Dr. Tulika Malviya	Polysaccharide based nano fertilizers: A boon for Agriculture	Invited talk in International conference on Advancement in Functional Materials (ICAFM 2024)	08th -10th February, 2024	Prof. Rajendra Singh Institute of Physical Sciences for study and research, VBS PU University, Jaunpur
19.	Dr. Sandeep Goyal	To Measure Concentration of Sample With Spectroscopy	Invitation to organize a workshop and was invited as resource person	22th February, 2024	Department of Chemistry, S. S. Khanna Girls' Degree College, Prayagraj
20.	Dr. Krishna Kumar Manar	Synthesis of Transition Metal compounds with Bicyclic (Alkyl)(Amino)Carbene (BICAAC) and their Reactivity	Invited Talk: National conference on: The Role of Science in Humanities in Environmental Safety	24th -25th February, 2024	Department of Chemistry Janta Mahavidyalaya Ajitmal, Auraiya, CSJM University Kanpur.
21.	Prof. Ramendra K. Singh	Unravelling the Threads: HIV/AIDS and Advancements in Drug Development	Lecture: International conference on Crossroads of Chemistry and Biology: A Modern Prospective	26th February, 2024	University of Delhi, Delhi
22.	Dr. Sangita Kumari	Alkyl Chain Functionalized h-BN-MoS2 Heterostructure as a Highly Dispersible Additive for Lubrication Application	International Conference on Advanced Functional Materials and Devices	26th -29th February, 2024	Nanotechnology Research Centre, SRM University, Chennai
23.	Dr. Simant Kumar Srivastav	Sunlight-driven photocatalytic degradation of organic pollutants by multiferroic BiFeO3 nanoparticles	Invited Talk: in International Conference on Crossroads of Chemistry, Biology and Atmospheric Environment: A Modern Perspective	26th -29th February, 2024	Department of Chemistry, Delhi University, Delhi
24.	Prof. Ramendra K. Singh	HIV/AIDS: History and Mystery of the Disease and Drug Development	Invited lecture	28th February, 2024	Ewing Christian College, Prayagraj, UP
25.	Dr. Dhanjai	Point-of-need Analytical Biosensors: Screening Strategies & Applications	Invited Talk: in International Conference on Crossroads of Chemistry, Biology and Atmospheric Environment: A Modern Perspective	26th -28th February, 2024	Department of Chemistry, University of Delhi, Delhi, India
26.	Dr. Santosh Bahadur Singh	Circular Chemistry: A promising tool to achieve sustainable development goals	Delivered Invited talk: International Conference on Advances in Science and Technology for Sustainable Development Goals (IC-ASTSDGs)	11th -12th March, 2024	Faculty of Basic Science, AKS University, Satna, Madhya Pradesh, India
27.	Dr. Krishna Kumar Manar	Synthesis of BICAAC Transition Metal Complexes and their Catalytic Activity	Invited Talk: International Conference on Sustainable and Innovative Material for Modern Life (ICSMML-2024)	12th -13th March, 2024	Department of Chemistry, Faculty of Science, Siddharth University, Kapilvastu (U.P.) 272202, India
28.	Dr. Dhanjai	Participated	16th Young Investigators' Meeting at Bhopal	11th -15th March, 2024	India Bioscience Bengaluru, IISER Bhopal & DBT, Delhi
29.	Dr. Rakesh Verma	Development of alloy-based anode materials for next generation K-ion batteries	Invited Talk: Two Days National Conference entitled "Emerging Smart Materials in Chemical Science" (ESMCS-2024)	20th-21th March, 2024	Department of Chemistry Guru Ghasidas Vishwavidyalaya A Central University, Bilaspur, Chhattisgarh
30.	Dr. Soumen Saha	Life is precious be safe inside the lab	Invited Talk: Two Days National Conference entitled "Emerging Smart Materials in Chemical Science" (ESMCS-2024)	20th-21th March, 2024	Department of Chemistry Guru Ghasidas Vishwavidyalaya, Bilaspur, Chhattisgarh
31.	Dr. Santimoy Khilari	Bifunctional Nitrogen-doped Reduced Graphene Oxide Integrated MnFe2O4 Nanohybrid for Carbon Neutral Fuel Cell	Invited Talk: Two Days National Conference entitled "Emerging Smart Materials in Chemical Science" (ESMCS-2024)	20th-21th March, 2024	Department of Chemistry Guru Ghasidas Vishwavidyalaya, Bilaspur, Chhattisgarh
32.	Dr. Simant Kumar Srivastav	Multiferroic Nanoscale BiFeO3 as an Efficient Sunlight Driven Photocatalyst	Invited Talk: National Conference on "Recent Trends in Chemical Sciences Research & Future Prospects"	20th-21th March, 2024	Department of Chemistry, St. Andrew's College, Gorakhpur

DEPARTMENT OF DEFENCE AND STRATEGIC STUDIES

Introduction:

The Dept. of Defence and Studies established in 1940 has assumed enormous significance in the contemporary security environment at global level and more so in the era of Globalization. This area of study is not only upcoming in India but also has become highly relevant for students, researchers, academics and policy makers. The Department will strive to provide a dedicated programme of study for higher education and research.

Thrust Areas:

- To function as a dedicated think tank and research centre for National Security Studies with a focus on the Southern Asian region. It would concentrate on the developments in the region and would disseminate information's related to India's Defence and National Security.
- The Department maintains linkages with the recognised institutions for cross research and Joint
- Collaboration to enhance the scope of teaching and research on Defence and National Security issues and concerns.

Programmes of Study:

DEPARTMENT OF EARTH & PLANETARY SCIENCES

Introduction:

The Department of Earth and Planetary Sciences (DEPS) was established in 1985, marking a significant milestone in the field of Earth and Planetary Sciences in India. Since its inception, the DEPS has earned a distinguished reputation for its pioneering contributions to research in these areas, both within India and internationally. One of the hallmarks of DEPS is its thriving alumni community, comprising individuals who have gone on to become esteemed faculty members and research scientists at India's most prestigious institutions, like, IITs, IISER, JNU, BHU, Physical Research Laboratories and have played a pivotal role in advancing Earth and Planetary Sciences education and research across the country. In addition to academic achievements, DEPS has also excelled in producing graduates of the department, who have gone on to excel in positions within organizations such as GSI, AMD, ONGC, MECL, Coal India Ltd., CGWB, NHPC, Indian Oil, NTPC, Reliance Petroleum, Essar Oil, SHELL, Schlumberger State Directorates of Geology and Mining, and many others. DEPS also boast an impressive track record in national-level entrance examinations like, GATE and CSIR-UGC NET to serve as gateways for admission to M.Tech. and research programs in the field of Earth Sciences, further highlighting the department's commitment to nurturing and developing talent in these fields.

Thrust Areas:

- Sedimentology
- Marine Micropaleontology and Paleoceanography, Geo-exploration techniques
- Seismic coda wave attenuation, Seismology and Hazard management

DEPARTMENT OF ELECTRONICS AND COMMUNICATION J.K. INSTITUTE OF APPLIED PHYSICS & TECHNOLOGY

Introduction:

Soon after independence, the first Prime Minister of India, Pt. Jawahar Lal Nehru realized the need of a pioneer institute in the fields of Applied Physics, Microwave electronics and Upper Atmospheric physics and other applied physical sciences. On his initiative, an agreement was signed between University of Allahabad and J.K. Trust, Kanpur on November 22, 1947 to establish Department of Applied Physics and Technology in the premises of Muir College Campus, Faculty of Science, University of Allahabad. J. K. Charitable Trust contributed for the construction of the complete building of the institute and hence it was named as J. K. Institute of Applied Physics and Technology. In the year 1976 it was renamed as the Department of Electronics and Communication of University of Allahabad.

The foundation stone of the Institute was laid by the first Prime Minister of India Pt. Jawahar Lal Nehru on April 14, 1949. Pt. Nehru also inaugurated the first academic session of the institute on April 4, 1956. Initially a three year M.Sc. (Technology) post-graduate degree course was started in the department. Later in 1967, on the advice of AICTE and UGC, the course was bifurcated into a three year Bachelor of Technology (B.Tech) degree course in Electronics and Telecommunication (after B.Sc.) and to a three semester post graduate degree course i.e. M.Tech. in Electronics Engineering. Further, in the year 1982 a new course/subject in Computer Science (as one of the subjects in B.Sc.) leading to a Bachelor's degree in Science was introduced. Subsequent to the introduction of new subject in Computer Science at undergraduate level, it was desirable to have a full-fledged Post Graduate course in Computer Science. The Department was sanctioned a prestigious DRDO Project (the only centre in North India) by the name "Manpower Development in the area of Computer Science" in the year 1986. Under this project, a Post-graduate course in Computer Science named as M.Sc. Computer Science (Software) was introduced. This project was very closely monitored by DRDO and those who successfully passed out used to get the appointment letter of Sc. "B" along with the M.Sc. Degree. We feel pride in stating that those passed out students today are contributing to the security of the nation. It continued for six batches up to 1992 after which it was taken over as UGC course. In the year 2008, three-year B.Tech. (Electronics and Communication Engineering) course was replaced by 4-year B.Tech. (Electronics and Communication Engineering) degree course after 10+2. A new branch of Engineering in Computer Science leading to Bachelor's Degree in Technology i.e. B. Tech. (Computer Science and Engineering) was also introduced in the year 2008.

Thrust Areas:

Broadly department has two thrust area

- **Electronics and Communication Engineering:** Microwave Engineering, Microstrip Antenna, Embedded Systems, Optical Fiber Communication, VLSI Technology, Microwave and Antenna, Milli-meter Waves, Fiber Optic Communication, High Performance Computing, Soft Materials and Condensed Matter Physics etc.
- **Computer Science and Engineering:** Image Processing and Computer Vision, Natural Language Processing and Sentiment Analysis, Parallel and Distributed Computing and Cloud Computing, Cyber Security and Internet of Things, Optimization and Multimedia, Cryptography and Big Data Mining, Real-Time System design, Computer Networks WSN, MANET, Machine Learning, Data Science, Deep Learning etc.

DEPARTMENT OF FAMILY AND COMMUNITY SCIENCES

Introduction:

The Department of Family and Community Sciences (Formerly called Home Science) was established in 1945, in pre-independent India, with a two year undergraduate course with the objective to educate women. The name of the department was changed to Department of Family and Community Sciences in the year 2021. The department currently is running 4 academic programmes 1. Undergraduate Course - B.Sc. Home Science (1945) 2.5 year integrated B.Sc. and M.Sc. Course in Family and Community Sciences 3. Postgraduate Courses - M. Sc. Textile and Apparel Designing (2009) & M. Sc. Food and Nutrition (2019), 4. Ph.D. Programme (Food and Nutrition/ Textile and Apparel Designing/ Extension Education/ Human Development) (2011).

Prof. Sangita Srivastava was the Former Head of the Department and presently she is the Hon'ble Vice Chancellor of University of Allahabad, Prayagraj. Prof. Neetu Mishra is currently the Head of the Department. The department has 8 permanent faculties comprising of 2 Professors and 6 Assistant Professors. The department has 25 research scholars, doing research in innovative fields of apparel designing, bio-polishing and micro-encapsulation, women and community empowerment, fortified product development on foods, therapeutic application of fruit peels, Metabolic Syndrome, Non-pharmacological intervention and clinical investigation of food material using animal model. The department is actively engaged in community development programmes too.

The Department comprises of 1 library, 8 faculty rooms, 1 seminar room, 4 class rooms, 3 well equipped laboratories which cater to various practical classes of undergraduate and post graduate courses, 1 laboratory for research scholars, Office, 4 rest rooms (2 for the students), 1 sitting area for faculty and student interaction.

Thrust Areas:

Family and Community Sciences is a multidisciplinary subject that involves an interdisciplinary approach in synthesizing knowledge which focuses on the following thrust areas:

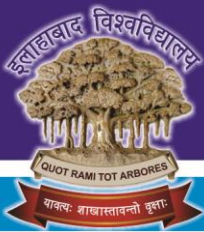

- **CLOTHING AND TEXTILES:** Textile Testing, Computer Aided Designing, Garment Designing, Drafting and Garment Construction.
- **FOOD AND NUTRITION:** Important Nutrients, Nutritional Biochemistry, Community Nutrition, Public Health Nutrition, Health and Hygiene, Therapeutic Diets and Food Science & Food Analysis, Nutritional Counseling.
- **HUMAN DEVELOPMENT:** Child Development Theories, Study of Life Span, Children with Special Needs, Psychological Counseling.
- **EXTENSION EDUCATION:** Teaching and Communication, Various Community Programs, Community Work, Folk Songs, Puppetry, Street Plays.
- **FAMILY RESOURCE MANAGEMENT:** Interior Decoration, Management of Human Resources, Flower Arrangement, Pottery Making.

DEPARTMENT OF MATHEMATICS

Introduction:

Established in 1872 and situated in the Muir Central College Campus, the Department of Mathematics, University of Allahabad, is one amongst the oldest and the most prominent departments of mathematics of Indian Universities. The department offers courses for Undergraduate and Postgraduate degrees and has doctoral programme leading to the Ph.D. degree.

The department frequently organizes seminars, symposia and conferences aimed at offering significant and landmark results of value and potential for future work to our students and faculty which, in turn, raises the standard of teaching and education of the subject and prepares them to be capable to collaborate with various other centers of excellence in the country and abroad. The department emphasizes on rigorous teaching and learning exercises throughout the year to all the courses.

The department has a rich history and an eminent galaxy of scholars have adorned it. This includes legendary names, such as A. C. Banerjee, P. L. Shrivastava, Padma Bhushan B. N. Prasad, Gorakh Prasad, H. C. Khare, R. S. Mishra, T. Pati, Pramila Srivastava, B. L. Sharma. The glorious tradition of the department is being continued. The present faculty members with their team of students are working in frontier areas of contemporary mathematics and its applications. The department is at the forefront of research in specialized areas, such as Measure Theory, Harmonic Analysis, Wavelet Analysis, Group Theory, Module theory, Differential Geometry, Fluid Mechanics, Magnetohydrodynamics, Dynamical Systems and Mathematical Modeling, Low Dimensional Topology (Knot Theory), Number Theory, Meshfree Methods, Computational Finance.

Thrust Areas:

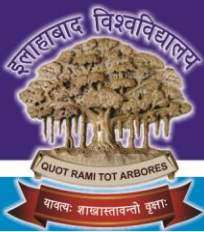

- Algebra (Group Theory; Theory of Rings and Modules)
- Fluid Mechanics
- Differential Geometry
- Mathematical Analysis (Generalized Measures and Applications; Wavelet Analysis)
- Numerical Analysis

Programmes of Study:

S. N.	Programme of Study	Duration	No. of approved Seats Intake	Specialization(s)
1.	Ph.D.	5 years (includes course work)	15	Mathematics
2.	M.A./M. Sc.	02 years	231	Advanced Module Theory, Dynamical Systems, Representation Theory of Finite Groups, Contact Manifolds, Fluid Mechanics, Wavelets, Magnetohydrodynamics, Stability Theory of Differential Equations and its Applications, Algebraic Number Theory
3.	B.Sc.	02 years	809	Not Required
4	B.A.	02 years	88	Not Required

DEPARTMENT OF PHYSICS

Introduction:

The Department of Physics was established by Prof. Meghnad Saha, Fellow of the Royal Society, in 1923. Since then the department produced galaxy of eminent scientists, educationalist, industrialists and planners, ministers and administrators of national & international repute. The academic standard is well recognised by prestigious institutes and laboratories of national & international standard.

Thrust Areas:

Theoretical

- Astronomy and Solar Physics
- Condensed Matter Physics
- High Energy Physics, Particle Physics
- Physics of Shock Waves
- Plasma Physics
- Statistical Physics and Simulations

Experimental

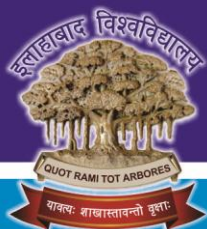

- Atomic and Molecular Spectroscopy, Imaging Spectroscopy
- Condensed Matter Physics
- Fiber and Quantum Optics
- Ion Beam in Materials Science
- Laser Induced Breakdown Spectroscopy and Photoacoustic Spectroscopy
- Material Science (Nano Science and Nano Technology)
- Nuclear Physics and Nuclear Structure Studies
- Organic Electronics and Emerging Photovoltaics

Programmes of Study:

S.No.	Programme of Study	Duration	No. of Seats	Specialization(s)
1.	Ph.D.	5 years (includes course work)	51	--
2.	M.Sc.	Four semester	77	Electronics, Condensed Matter Physics, Non Linear Optics, Laser and Spectroscopy, Nuclear Physics, X-rays and Ion Beam
3.	B.Sc.	Three years	734	Physics

Faculty members and their Area of Research:

S.N.	Name	Gender	Designation	Area of Specialization
1	Prof. K. N. Uttam	Male	Professor & Head	Atomic and Molecular Spectroscopy, Synchrotron radiation based spectroscopy, Applications of Spectroscopy in the field Bio Science
2	Prof. P. S. Yadav	Male	Professor	Theoretical Condensed Matter Physics
3	Prof. V.K. Tiwari	Male	Professor	Theoretical High Energy Physics, Elementary Particle Physics, Quark Hadron Phase Transition
4	Prof. Pratima	Female	Professor	Nano Science & Technology (Interdisciplinary)
5	Prof. Lokendra Kumar	Male	Professor	Organic Electronics, Nano Science & Technology, Ion Beam in material Science, thin films
6	Prof. Raj Kumar Anand	Male	Professor	LIBS, PAS, LIF & SWs with reference to its Astrophysical and Geophysical applications
7	Prof. Asheel Kumar	Male	Professor	Plasma Physics

S.N.	Name	Gender	Designation	Area of Specialization
8	Prof. Ram Manohar Yadav	Male	Professor	Nanoscience & Nanotechnology (Renewable Energy Applications of Carbon Nanomaterials, CO ₂ Capture & Conversion etc.)
9	Dr. Tarkeshwar Trivedi	Male	Associate Professor	Experimental Nuclear Physics: Nuclear Structure Studies, Gamma ray spectroscopy.
10	Dr. Thakur Prasad Yadav	Male	Associate Professor	Physics of materials, structure property correlations in various advanced materials for structural and functional applications, nanocrystalline materials, quasicrystals, 2D materials, amorphous (bulk metallic glasses), materials for energy harvesting, energy storage (hydrogen storage), high entropy alloys, non-equilibrium processing of materials (high energy ball milling and rapid solidification processing).
11	Dr. Niti Kant	Male	Associate Professor	Laser-plasma interaction
12	Dr. Kamlesh Yadav	Male	Associate Professor	Experimental Condensed Matter Physics: Nano materials for energy applications
13	Dr. Rajneesh Kumar Verma	Male	Associate Professor	Fiber Optic Sensors, Surface Plasmons, Lossy Modes, Chemical and Biochemical Sensing Applications, Plasma Physics of Ionosphere
14	Dr. Sarita Yadav	Female	Assistant Professor	Organic Electronics, Synthesis of low dimensional Materials and their applications as sensors and field effect transistors
15	Dr. Abhishek Paswan	Male	Assistant Professor	Astronomy and Astrophysics: Galaxy formation and evolution at far and nearby Universe, observational understanding of the epoch of reionization, Active Galactic Nuclei (AGN) feedback process, AGN in dwarf galaxies
16	Dr. Gopikishan Sabavath	Male	Assistant Professor	Design of magnetron sputtering plasma unit. Silver and carbon nano-composites and Magnetic Nano-particles for water treatment applications.
17	Dr. Triranjita Srivastava	Female	Assistant Professor	Integrated Optics, Nanophotonics, Plasmonics, Optical Sensors, Nonlinear Optics
18	Dr. Swatantra Kumar Tiwari	Male	Assistant Professor	Nuclear and Particle Physics, Quark- Gluon Plasma, Strong Interactions, High Energy Physics, QCD Phenomenology
19	Dr. Rohit Singh	Male	Assistant Professor	Statistical Field Theory, Phase transitions and Critical Phenomena, Non-equilibrium Statistical Physics
20	Dr. Upendra Kumar Singh Kushwaha	Male	Assistant Professor	Solar Physics, Solar Eruptive Phenomena (Solar flares, Prominence eruption and Coronal Mass Ejections)
21	Dr. Neeta Bidhoodi	Female	Assistant Professor	Non-equilibrium statistical physics Mode coupling and glass transition
22	Dr. S. Siva Nasarayya Chari	Male	Assistant Professor	Condensed Matter Theory; theory and simulations of Soft matter, active matter and model biological systems
23	Dr. Arvind Kumar	Male	Assistant Professor	High-k Gate Dielectrics, Bulk and Interface Defects, Deep Level Transient Spectroscopy (DLTS), 2-D Materials, Thin Films and Devices, Materials Modifications using SHI, Self-powered Neuromorphic Devices
24	Dr. Rajan Walia	Male	Assistant Professor	Experimental Condensed Matter Physics
25	Dr. Manish Kumar Singh	Male	Assistant Professor	In-situ TEM investigation of electronic and energy materials, Cryogenic TEM imaging and tomography of soft materials, Preparation of TEM lamella using focused ion beam, Growth of transition metal germanides/silicides using e-beam, noble metals bimetallic/alloy nanoparticles by wet chemistry route
26	Dr. Dhananjay Kumar	Male	Assistant Professor	Synthesis and Characterization of Europium based Luminescent Materials and their Applications.

S.N.	Name	Gender	Designation	Area of Specialization
27	Dr. Neetu Agrawal	Female	Assistant Professor	Theoretical Condensed Matter Physics: Dirac Materials, Electron Optics, Graphene and topological insulators, heterojunctions
28	Gagan Sharma	Male	Assistant Professor	Material Science (Magnetic thin films & multilayers; X-ray based characterization techniques (XRR, GIXRD, GISAXS, XSW); Magnetism (MOKE); Ion beam modification of materials

DEPARTMENT OF STATISTICS

Introduction

The Statistics wing, under the Department of Mathematics, was started in 1968 with the initiative of Prof. H. C. Khare, then acting Head of the Department of Mathematics. The wing became operational immediately, with the first batch of B.Sc. I and M.Sc. previous students enrolling simultaneously. On August 21, 2000, the Department was established as a separate entity from Mathematics, with Dr. G. S. Pandey appointed as the first Head of Department.

The Department offers courses for Undergraduate, Postgraduate degrees, and a Doctoral program leading to a Ph.D. degree. The UG and PG students are provided a broad foundation and training in statistical theory and applications. Such training has enabled them to earn jobs in government including civil services, Indian Statistical Services etc., all branches of industry, and academia. The Department has a well-equipped computer laboratory with modern computing facilities. The students are provided rigorous training of statistical computing and various statistical software. The Department also provides statistical support to various interdisciplinary branches as per their research needs.

Thrust Areas:

- Statistical Inference
- Sampling Techniques,
- Reliability Theory,
- Bayesian Statistics,
- Order Statistics,
- Quality Control
- Sequential Analysis,
- Survival Analysis,
- Mathematical Demography,
- Biostatistics and
- Stochastic Modelling.

DEPARTMENT OF ZOOLOGY

Introduction:

Founded in 1906, the Department of Zoology stands as one of the country's most venerable Departments dedicated to the study of Zoology. Over the years, it has been helmed by distinguished academicians including Prof. A. D. Imms, Dr. W N F Woodland, Prof. D. R. Bhattacharya, Prof. H. R. Mehra, Prof M. D. L. Srivastava, and Prof U. S. Srivastava. The Department of Zoology is proud to have one of the best Zoological Museums in the country. Founded by Prof. Howlett, the museum was enriched over the years by great efforts of the faculty members. It has a wide collection of animals belonging to different group, rare and precious specimens of many endangered species, primate and non-primate mammals, birds, reptiles, amphibians and fishes, skeleton of vertebrates such as the African and the Indian elephants, camel, goat, panther and human, freaks of nature in the animals, abnormal human fetuses and rare and expensive invertebrate specimens. The museum is not only of educational value to the students but is also frequently visited by people coming to the city from all over the country and abroad. The Department has always strived to maintain quality in teaching and research and has carved out a place for itself as a leading centre of education in the country. The students of this Department have always occupied important positions in academic and administrative arena during more than hundred years of its existence. With a view to optimize the impact in teaching and research commensurate with current scenario, new academic programmers have been introduced and the syllabi have been drastically restructured. Modern disciplines have been initiated in both teaching and research. Interdisciplinary activities and collaborative research are gaining momentum.

Any other information

- Rangoli competition was organized on occasion of National Science Day on the theme of Viksit Bharat held on 27th February, 2024 under the aegis of IQAC, UoA.
- Department of Zoology emerged as a center for learning for the students of different schools and colleges within the state. With its rich collection of rare museum specimens and skeletons of large animals, students acquainted with the basic and modern knowledge on taxonomy and classification of animals.
- A new Animal House Facility was developed for experimental research on small animals.

INSTITUTE OF INTERDISCIPLINARY STUDIES

CENTRE OF BIOINFORMATICS

Introduction:

The Centre of Bioinformatics was inaugurated in 2002. The Centre offers 4-semester (2 years) M.Sc. Program in Bioinformatics. Master in Bioinformatics program is quite unique; it is rigorous with its credit-based courses covering latest areas in Bioinformatics and Computational Biology. Specifically beneficial to the students from both Mathematics and Biological sciences streams, it is aimed at transforming students into trained Bioinformaticians with adequate theoretical and practical knowledge for investigating and addressing a number of key biological questions.

To improve the teaching and easy understanding of subjects for the students, center promotes the use of ICT i.e. teaching through projector and online available scientific animations/ tutorials.

Thrust Areas:

- Clinical data analytics
- System Biology
- Translational Bioinformatics

Programmes of Study:

CENTRE OF BIOTECHNOLOGY

Introduction:

The Centre of Biotechnology at University of Allahabad came into existence in the year 1999 and it was inaugurated by Nobel laureate Prof Richard R Ernst. It offers Masters (4 semesters) and Ph.D. programme in Biotechnology. For Masters programme students are admitted through PGAT conducted by University of Allahabad. For Ph.D. Programme University holds combined research entrance test (CRET) every year and provides scholarship to the successful candidates.

Thrust Areas:

- The Centre of Biotechnology has identified the following research areas as priority areas:
- Microbial & Mushroom Biotechnology
- Cyanobacterial Biotechnology
- Nano biotechnology

Programmes of Study:

S. N.	Programme of Study	Duration	No. of approved Seats Intake	Specialization(s)

Future Projections:

- **Expansion of Facilities:** Over the next five years, the Centre of Biotechnology at Allahabad University plans to expand research labs, upgrade infrastructure, and acquire advanced equipment to boost research capabilities.
- **Research Collaborations:** The Centre aims to enhance collaborations with national and international institutions for joint projects, knowledge exchange, and funding.
- **Publications Growth:** Increased research activities are expected to lead to more high-quality publications in scientific journals.
- **Industry Partnerships:** Strengthened ties with biotech companies will offer joint research, internships, and job placements for students.
- **Funding Opportunities:** The Centre will pursue additional funding from various sources to support ambitious projects, faculty recruitment, and scholarships.
- **Alumni Network:** Efforts will focus on building a strong alumni network for mentorship and networking, benefiting both students and alumni.
- **Educational Excellence:** The Centre remains committed to high-quality biotech education through updated curricula and innovative teaching methods.

CENTRE FOR GLOBALIZATION AND DEVELOPMENT STUDIES

Introduction:

Centre for Globalization and Development Studies is a pioneering centre at the University of Allahabad, a Central University, established by an Act of the Indian Parliament, to study and research phenomena and processes of globalization and development with inter-disciplinary approaches.

Globalization is being viewed with varieties of perspectives ranging from epistemological, analytical and critical to grassroots civil society and public action across the world. Sometimes, it is simply viewed as polemic and semantic. Of late, this phenomenon has assumed enormous significance, which necessitates its critical examination from multi-disciplinarian perspectives as it tends to influence each and every domain of our life either in a minor or major way. This is also seen as a shaping factor of the world in the twenty-first century as it could lead to restructuring of the global order, economies and societies having implications on the overall development discourse/s, especially since the end of the Cold War.

At the same time, contemporary ideas of development are also undergoing process of redefinitions in all fields of intellectual enquiry as well as leading to debates and dissents. These processes affect not only economic development of the countries through integration of capital but also bear implications for human development, discourses of rights and entitlements and boundaries of nation-states.

Furthermore, it is equally important to get engaged from the point of the developing societies like India and others. Currently, these societies are undergoing various processes of transformation that require in-depth enquiry so as to understand its relevance not only for academicians, researchers and policy makers but also for general people at large.

Thrust Areas:

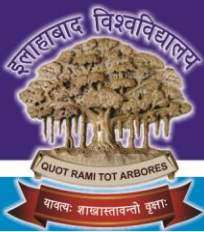

- Globalization as a historical process across the world
- Socio-eco-political and regional linkages of globalization and development, especially in the developing societies
- Planning (Rural and Urban) vis-à-vis globalization and development
- Tribal societies, globalization and development
- State, Civil Society, Globalization and Development
- Democracy, Globalization and Development

K.BANERJEE CENTRE OF ATMOSPHERIC AND OCEAN STUDIES

Introduction:

Research in the area of Climate Dynamics and Mathematical Modeling has started in the KBCAOS and MNSCoSS in the year 2000 with the generous support from the NCAOR, Goa/MoES, and ISRO, GoI. In 2009, KBCAOS was established by the UGC as the Centre with potential of research excellence with 7 permanent teaching positions. The teaching course (M.Tech in ESS) and research programme (D.Phil.) of the Centre are designed in such a way so that it develops a deep understanding of the fundamental principles of Atmospheric and Ocean Sciences alongwith creating innovative ability to solve new and challenging problems. Successful implementation of research projects based on observational and modeling studies with funding of more than Rs. 10.00 Crores has been carried out. The centre has received the DST-FIST Grant of Rs. 1.17 Crores for procurement of instruments related to land-atmosphere interaction and hydrological research and for infrastructural development.

Thrust Areas:

- Quality Teaching and Research (M.Tech., D.Phil., Outreach)
- Atmosphere-Land-Ocean Modeling
- Indian Monsoon Prediction and Predictability
- Chaos and Nonlinear Dynamics
- Data Assimilation
- Remote Sensing and GIS
- Support to IMD/MoES in Lightning Prediction

Programmes of Study:

CENTRE OF MATERIAL SCIENCE

Introduction:

Centre of Material Sciences (CMS) came into the existence in 2009. Centre is currently running M. Sc. (Materials Science), M. Tech. (Materials Science and Engineering) and Ph. D. programs. In CMS, Teaching and research is focused on the Interdisciplinary areas of Physics, Chemistry and Engineering of Materials and have active national and international collaborations. Faculty members have completed several major research projects from UGC, DST, DAE-BRNS, UGC-DAE-CSR and Department of Information Technology (DIT) and publishing research papers in reputed international journals. Several pass out students with M.Sc. (Materials Science) degree pursuing their Ph.D. in reputed universities (including IIT Madras, IIT Kanpur, IITBHU, IIT Indore and in reputed foreign Universities). Centre has been selected and sponsored under FIST program of Department of Science and Technology and it is running since 2017.

Thrust Areas:

- Soft Materials including Liquid Crystals and Bio Materials,
- Energy Materials
- Multi-Functional and Nano Materials

Programmes of Study:

CENTRE FOR THEATRE AND FILM

Introduction:

Established as a first pan Asian integrated Institute of Theatre & Film, 2010, inaugurated by Honorable Vice Chancellor Prof. Rajan Harsh. The institute was conceptualized to impart the idea of theatre and film (World and Indian). among students. The institute was conceived as a practical oriented training course with exposure to Art History & Aesthetics.

Thrust Areas:

- **Theatre:** History, Appreciation, Analysis, Acting Skills, Direction, Music, Light Design, Costume and Makeup, Scenic Design, Performance: Movement, Sound, Music, Play Writing and Adaptation, Theatre Criticism and Advance Analysis, Stage Management, Folk and Traditional Theatre.
- **Film:** History, Appreciation, Analysis, Acting, Direction, Music, Light Design, Cinematography, Editing, Sound Design, Documentary, Screenplay writing and Adaptation, Film Criticism, Film Advance Analysis, Film Production, Digital Cinema.

CENTRE OF ENVIRONMENTAL STUDIES

Introduction:

Centre of Environmental Studies is an interdisciplinary academic field that integrates numerous academic fields (particularly sciences) to study the structure and function of our life-supporting Environment and to know causes, effects, and solutions of various Environmental issues. Centre of Environmental Studies mainly focuses on all the elements or factors that build or influence our life-supporting biophysical Environment, as well as Earth processes, Ecological Systems, Biodiversity, Natural Resources, Alternative Energy Systems, Climate Change, and Pollutions. Therefore, Centre of Environmental Studies covers Biology, Chemistry, Physics, Geology, Geography, Sociology, Economics, Management, and Ethics. Its major subdivisions embrace Ecology, Geosciences, Environmental Chemistry, Atmospheric Science, Environmental Biology, Environmental Toxicology, and Environmental Impact Assessment.

Thrust Areas:

- Hydrogeology, Biogeochemistry, Health Risk Assessment, Solid Waste Management, Climate change
- Sustainability, Environmental Pollution, Urban-Heat Island- Aerosols Interaction, Land use Land cover change
- Restoration ecology, Forest ecology and management, Wetland Dynamics, Land Degradation,
- Nutrient transport, Stable Isotopes, Environmental Biotechnology, Environmental Microbiology,
- Soil erosion, Soil carbon sequestration, Food security

CENTRE OF SCIENCE AND SOCIETY

Introduction:

The Centre of Science and Society at the University of Allahabad was established with the approval of the Academic Council (Resolution No. 43/22 dated 19.5.2015) and the Executive Council (Resolution No. 03/32 dated 2.6.2015). Following an official memorandum on 22.08.2015, the university launched a M.Sc. program in Rural Technology and Development under the Institute of Inter-Disciplinary Studies (IIDS), with an initial intake of 15 students. The program, structured as a four-semester CBCS-based course, was inaugurated in 2015-16 by Hon'ble Justice M. C. Tripathi of the Allahabad High Court. In 2017, the university approved a nomenclature change for the program from M.Sc. in Rural Technology and Development to M.Sc. in Design and Innovation in Rural Technology, reflecting its evolving focus on innovation in rural development.

The Centre played a pivotal role in translating Dr. A.P.J. Abdul Kalam's PURA (Providing Urban Amenities in Rural Areas) vision by adopting Ramapur Village in the Bahadurpur block of Phulpur Tehsil, Prayagraj District. In its first phase, the Centre focused on uplifting Chakzhaura Moja, a predominantly Scheduled Caste (SC) village with a significant female population. As part of the Unnat Bharat Abhiyan initiative, the Centre adopted five more villages in the Koraon Block of Prayagraj. It also took responsibility for the post-project evaluation study of 104 villages in Uttar Pradesh under the Sansad Adarsh Gram Yojana and elauation of entire clusters of Uttar Pradesh under Dr. Shyama Prasad Mukherji RURBAN Mission, Ministry of Rural Development, Govt. of India.

Thrust Areas:

- **Enhancing Rural GDP:** The Centre is dedicated to strategies aimed at doubling India's Rural GDP. This involves developing and implementing affordable technologies tailored to the needs of rural communities.
- **Sectoral Focus:** Rural development, including Agriculture, Health, Education, Vocational Training, and Commercial Production technologies.
- **Promoting Innovative Agro-Based Technologies:** We actively support and promote innovative agro-based and industrial technologies, such as vermicomposting, biofertilizers, dairy farming, mushroom cultivation, floriculture, fish culture, medicinal plant cultivation, and apiculture.
- **Rural Technology Innovation:** The Centre's primary focus is on advancing innovation in rural technology to benefit agriculture, animal health, and human health.

CENTRE OF BEHAVIORAL AND COGNITIVE SCIENCES

Introduction:

The University Grants Commission (UGC) selected the University of Allahabad for developing an Island of Excellence in Behavioural and Cognitive Sciences. The Centre of Behavioural and Cognitive Sciences (CBCS) was established in 2002 under the Centre with Potential for Excellence scheme of the UGC. CBCS is an Independent Centre in the Central University Act of University of Allahabad (2005).

The Centre aims to achieve excellence in education and research meeting new developments and challenges. The Centre endeavours for advancement of scientific knowledge through basic and applied research and conducts outreach programmes for larger human welfare.

While it began in the mid-1950s, "Cognitive Science" has established itself as a truly interdisciplinary subject, having roots in psychology and interfaces with philosophy, computer science, mathematics, linguistics and neurosciences in the last three decades. The discipline of Cognitive Science is an intellectual enterprise that studies computational and neural mechanisms underlying mental processes by drawing on resources from a number of disciplines. The academic programs of the Centre include internationally recognized Doctoral and Master programs in Cognitive Science. The Centre attracts students nationally from different disciplines including Psychology, Engineering, Biotechnology, Physics, Mathematics, Linguistics, Computer science, Anthropology and Neuroscience.

The Centre has an excellent environment to pursue an interdisciplinary field like Cognitive Science. To further enrich the research environment, the Centre launched MSc-PhD Integrated program in Cognitive Science in August 2023.

Thrust Areas:

- Attention and awareness
- Planning and Control of eye-movements
- Emotion and Attention
- Affective control: affective conflict adaptation
- Language Processing
- Bilingualism and cognitive control
- Cognitive development
- Cognitive and emotional Ageing
- Cognitive disorders
- Learning and Memory
- Decision Making
- Consumer Neuroscience
- Time Perception
- Meditation
- Neuroaesthetics

Programmes of Study:

CENTRE FOR WOMEN'S STUDIES

Introduction:

The Centre for Women's Studies was sanctioned by the UGC in February, 2010. It was inaugurated in August, 2010 and soon after its establishment, a Finance Committee, a Steering Committee and a Board of Studies were constituted and a tentative plan regarding the activities of Centre was drawn up. The Centre offers a Certificate course "Understanding Gender" since July 2012 and Master Program "MA in Women's Studies" since July 2018. The Centre had Six Directors respectively: Founder Director, Prof. Sumita Parmar, Prof. Smita Agarwal, Prof. Anamika Roy, Prof. Bharti Das, Prof. Anuradha Agarwal and followed by Prof. Jaya Kapoor. This year the fifth batch of PG (MA in Women's Studies) and eleventh batch of Certificate Course in "Understanding Gender" had completed the course. Centre organizes Special Lectures, Annual Lectures, and Workshops in every year.

Thrust Areas:

- Women and Gender Studies, Women's Movements
- Women and History, Women in Literature
- Women's Health and Legal awareness,
- Women and Development
- Gender Sensitization

CENTRE OF FOOD TECHNOLOGY

Introduction:

Centre of Food Technology was established in year 2000 with a vision to impart knowledge, training and preparing the food industry's future leaders through purpose-driven research, education and outreach. The Centre is offering UG, PG and Ph.D programme in Food Technology. M.Sc. Food Technology programme was initiated in July 2002 as per the guidelines of UGC and ICAR. This was facilitated by a grant from Ministry of Food processing Industries (MoFPI), Govt. of India under its "Manpower Development Programme. B.Voc. Food Processing and Technology has been started from the year 2015. The program enables students with multidisciplinary skills and knowledge to meet the challenges of the food processing sector and also create vistas for entrepreneurship. The Center has established a NABL accredited Food analysis and Research Laboratory (FARL) in year 2012 with the funding of MoFPI for providing facility of commercial food testing to nearby food industries. Center has been sanctioned rupees 434.99 lacs by MoFPI for upgradation of existing NABL accredited FARL.

Thrust Areas:

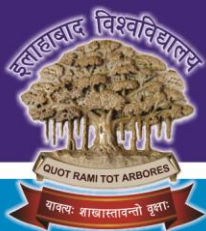

- Providing education and training for creating human resource capacities for the food processing industry and academic institutions in the country.
- Upgrading the skills of academicians, research students and entrepreneurs in field of food science and nutrition.
- Basic, applied and adoptive research and development in areas of post-harvest processing, preservation and value addition of food groups.
- Identification of health foods & dietary and nutrition problems prevalent among different segments of the population.
- Analytical services to food industries and research institutes for testing the food, water and other organic products.

CENTRE OF MEDIA STUDIES

Introduction:

The Centre of Media Studies was established under the Institute of Professional Studies, University of Allahabad in May 2003. It began with PG Diploma in Photojournalism & Visual Communication in August 2003. The Centre started 3-year degree course B.A. in Media Studies from the session 2009-10, 3-year B.Voc. in Media Studies & 2-Year M.Voc. in Media studies from the session 2015-16 and 3-Year B.Voc in Media Production from the session 2020-21.

The need of the hour undoubtedly is to respond effectively to emerging challenges for maintaining and enhancing the effectiveness and power of mass media, while simultaneously exploring and expanding the engagement with the new media. Accordingly, the centre continuously evaluates and revises its course curricula so as to effectively meet contemporary challenges thrown up by the fast-changing trends. This enables the effectiveness of the skill based Courses being run by the centre, even in the changed scenario.

Highlights: Centre has adequate facilities, modern class rooms, well equipped computer, Digital Photography & Video Editing Lab, library with Book Bank Facility and Well update Media Research Cell.

Thrust Areas:

- The Centre prepares skilled students for employment in the media industry.
- The courses have been designed for the real world of contemporary media trends.
- Students work with industry standard equipment gaining skills in media production (print, broadcast and online), research, communication, reporting and media handling.
- We believe that a combination of writing and production skills either in print, television, radio or Web; a broad understanding of the media and the ability to think critically are essential for people who are planning careers in the rapidly evolving media industry.

NATIONAL CENTRE OF EXPERIMENTAL MINERALOGY AND PETROLOGY

Introduction:

The National Centre of Experimental Mineralogy and Petrology (NCEMP) is an Institute of the University of Allahabad and is a Research Unit. The main aim of the NCEMP, A.U. is to conduct high pressure-temperature experimental studies pertaining to the Earth, its interior and various materials. Various experiments for the synthesis of glasses, minerals, rocks and super hard materials, measurement of conductivity and seismic velocity in rocks, phase transformations in minerals, and rate of ascent of magma, etc. are routinely conducted using sophisticated high P-T facilities.

There are different types of High P-T equipments available, such as Multi-Anvil High Pressure-Temperature apparatus, Piston-Cylinder equipment and Hydrothermal apparatus. The NCEMP has sophisticated analytical equipments such as Electron Probe Micro Analyzer and Powder XRD equipments for material characterization. It also has a well-equipped workshop and other technical facilities. The Centre has facilities for synthesis of advanced novel materials such as sol-gel synthesis, melt quenching, hot press, and ball milling techniques.

Thrust Areas:

- Experimental Mineralogy and Petrology
- Material Synthesis and Characterization

JAWAHARLAL NEHRU CENTRE FOR DIFFERENTLY ABLED STUDENTS

Jawaharlal Nehru Center for Differently -Abled Students (JNCDS) was established in 2009 during the Eleventh Five Year Plan. Only a few Universities/colleges in India have such a facility for the differently-abled students. It is an enabling unit for the differently-abled/ *divyang* students. In (2023-24) 31 students were enrolled with it. The Center has a computer lab with e books as well as screen reading software like NVDA for the visually challenged persons. Several e-books were added to the center's existing learning resources which consist of more than 400 e- books in 12 different subjects.

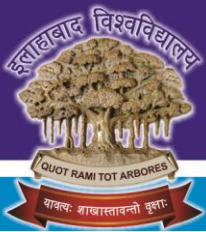

Computer lab of the centre

Grievances were promptly redressed. During 2023-24 the facilities of the computer lab continued to be provided.

On International Day for Persons with Disability the center organized a general knowledge competition for differently-abled students. In the competition, multiple choice questions (MCQs) were asked related to Constitution, Indian History and Culture Current Affairs, Environment etc. Also were organized two competitions for the on the occasion of Braille Day (4 January 2024). The first competition was to identify the songs and tell the lyrics of the songs by listening to the tune of Hindi songs. The second competition was that of wheelchair race.

INTERNATIONAL STUDENTS ADVISOR'S OFFICE

Mission and Objectives

The University of Allahabad is dedicated to fostering an academically rigorous and globally inclusive environment as a Center of Excellence in higher education. With a strong commitment to advancing knowledge and intellectual development, the University strives to empower faculty and students—both domestic and international—to make meaningful contributions to the economic, technological, and social spheres. Through the International Students Advising and Services (ISAS), the University offers comprehensive academic and personal support to international students, enhancing their educational experience, cultural integration, and personal growth within the academic community.

International Students Office and Advisory Framework:

The International Students Office, directed by the International Students Advisor and Advisory Board, serves as a comprehensive support unit for international students' admission, orientation, and ongoing academic needs. The office is situated within the Prof. Ishwar Topa Academic Complex. It offers structured guidance and assistance on admission protocols, course eligibility, and other academic matters essential to the international student experience. All correspondence related to international students should be addressed to the Office of the International Students Advisor & Board, 2nd Floor, Prof. Ishwar Topa Academic Complex, Senate House, University of Allahabad, Prayagraj (U.P.) - 211002, India.

International students may reach out via the following email addresses:

Activities of the International Students Office:

The International Students Office at the University of Allahabad assists the international student community in obtaining information regarding various courses, colleges, tuition fees, eligibility requirements, accommodation, and health insurance. Additionally, it facilitates admissions and promotes the overall welfare of international students.

The International Students Office administers the special quota for international students, created jointly by the Ministry of External Affairs (MEA) and the Ministry of Human Resource Development (MHRD), Government of India. It serves as the central agency coordinating all activities related to the admission of international students, providing services through a streamlined single-window system. Beyond admissions and eligibility verification, the office collaborates with the Indian Council for Cultural Relations (ICCR), MEA, MHRD, and various embassies and consulates to secure scholarships and oversee Memoranda of Understanding (MOUs) with international higher education partners.

The International Students Office also liaises among students, departmental heads, heads of affiliated colleges and institutions under the University of Allahabad, and educational representatives from embassies and consulates worldwide. It communicates with embassies' chancery divisions, academic counselors, and related governmental agencies in India and other countries, ensuring comprehensive support for international students.

International Connectivity and Services

The University of Allahabad upholds the values of humanism, tolerance, intellectual exploration, and the pursuit of truth. It embraces the advancement of humanity toward ever higher objectives, fulfilling its responsibilities with dedication. For its international students, the University provides the following facilities:

- **Single-window services**
- **Networking and interfacing opportunities**
- **Wireless connectivity**
- **Innovation-driven resources**

- **Interaction support within the academic community**
- **Competitive and affordable education**

The University has established an International Students Office on campus to support international students. The University of Allahabad's approach to the internationalization of higher education includes the following distinctive features:

- In today's globalized world, the University aims to establish a strong international presence by internationalizing its programs and creating new avenues for global student engagement.
- With the approval of the University Grants Commission (UGC) and the Central Government, the International Students Office plans to establish Memoranda of Understanding (MOUs) with leading universities, enabling shared access to university facilities and facilitating faculty and student exchanges.
- Beyond admissions and eligibility, the International Students Office coordinates with the Indian Council for Cultural Relations (ICCR), the Ministry of External Affairs, and various embassies and consulates to secure scholarships and awards for international students.

Categorization of International Students:

- Foreign Students:** Foreign Nationals holding passports issued by foreign countries including Persons of Indian Origin (PIO) and Overseas Citizen of India (OCI) card holder who have acquired the nationality of foreign countries are included as foreign students. Provided any subsequent changes in the definition as may be notified by the Government of India shall have the same latest meaning respectively assigned to them. The other expressions not defined herein shall have the meaning as may be assigned in any subsequent notification of the Government of India.
- Non-resident Indian (NRI) students:** A person shall be deemed to be NRI (Non-resident Indian) for seeking admission in University of Allahabad if she/he fulfils the criterion (as amended from time to time) for status of NRI under Income Tax Act, 1961, in the year in which he/she seeks admission in University of Allahabad. However, notwithstanding any amendment in such laws, all rights, obligations and duties flowing from the law and subsisting at the time of submission of application shall be respected and mandated till finalization of the program applied for.
- NRI ward:** For seeking admission under this category, it is mandatory for the parents/sponsor of the candidate to hold NRI status at the time of admission.

Categorization of Admission for International Students:

International Students may seek admission to any course offered by the University of Allahabad choosing any of the following modes and order of preference:

- Indian Council for Cultural Relations (ICCR), Government of India Category:**
Candidates with nomination/sponsorship by any Foreign State, Embassy or Authority in India/ICCR-Ministry of Govt. of India under the Study in India Programme/Exchange Programme, etc. subject to the condition that the international candidate is eligible to seek admission as per the requirements of the course.
- Self-Financing International Students:**
This provision is available for admission to Under graduate (UG), Post graduate (PG) courses, Professional courses and Doctoral programme (Ph.D.). Applicants can directly apply to the Office of International Students Advisor (ISA), University of Allahabad within the stipulated time as and when notified by the university. (check <http://www.allduniv.ac.in>)
- Admission of Foreign students visiting under MOU with International Institutions:**
For students from institutions that have signed MOUs with the University of Allahabad, admission will be made under the terms and conditions given in the MOU.

PROCTOR OFFICE

Discharge of duty

1. To maintain the dignity, discipline and peace of the University Campus and surrounding areas, a 24×7 centralized security cell was formed by the Vice Chancellor, under which every effort has been made to ensure that the students can live in a friendly environment.
2. After the completion of the admission work, new identity cards were prepared and issued to about 26000 (twenty six thousand) regular and former students of all classes.
3. Character certificates were awarded to around 2500 students in the session.
4. The entrance examinations and admission work in undergraduate/master's and all other classes conducted by the university were conducted peacefully with the extensive cooperation of the Proctorial Board.
5. Entry in the semester/annual examinations of the University was allowed after intensive verification at the examination centres.
6. As per the instructions of the Supreme Court, ragging was completely curbed:
 - (a) Anti-ragging committees were formed in every faculty and hostel.
 - (b) The names of the anti-ragging committee members and their mobile numbers were sent through posters in every department and hostel of the university.
7. A special women's cell has been formed by the Registrar's Office specifically to listen to the problems of the girl students and solve them, in which the women members of the Proctorial Board remain active, who discharge their responsibilities fully from time to time.
8. In order to completely control the anarchy taking place in the university campus, about 77 show cause notices, 36 suspensions, 01 expulsion and 68 FIRs were lodged in Colonelganj police station by the Vice-Chancellor's Office.
9. As per the decision/order of the University Administration, vehicles of the students are kept free of cost. Token slips for security of vehicles are provided free of cost at cycle stands, for which no fee is collected from the students.
10. Arrangements for pure and cold drinking water were made in the verandah of the registrar's office for the convenience of the students.

CENTRAL CULTURAL COMMITTEE

World Environment Day, 05 June, 2023

The Centre for Environmental Studies celebrated World Environment Day on 5 June 2023 under the theme 'Solutions to Plastic Pollution'. It was presided over by the Hon'ble Vice Chancellor of the University, Professor Sangeeta Shrivastava.

International Yoga Day 2023

On the occasion of International Yoga Day 2023, a yoga practice session was organized in Vijayanagaram Hall. A large number of faculty members and administrative officers including Vice Chancellor Prof. Sangeeta Shrivastava participated early in the morning under the guidance of Yoga teacher Shri Akhilesh Tiwari.

Kargil Vijay Diwas (26 July 2023)

Birth Centenary Year Inaugurated (1 March 2024)

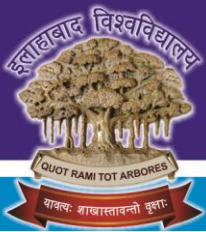

Alumnus and promoter of review-oriented painting, Kalabhushan Prof. Ramchandra Shukla Birth Centenary Year was inaugurated. At the beginning of the birth centenary year, seminars, exhibitions and discussions began with the lighting of lamps.

Prof. Shukla was born on 1 March 1925 in Shuklapura, a small village in Haraiya tehsil of Basti district. Prof. Shukla was established as a thoughtful artist in the Indian painting environment, who not only provided a well-thought-out direction to the Indian art scene through his outspoken criticism, but also reinterpreted the modern painting of the world. He evaluated art very strongly by keeping it beyond the boundaries of time and place. Through his language, artistic vision and his own developed writing style, he gave such idioms to the art world, which made the intricacy of art easy and interesting for students, artists and the general public.

Organization of Rang Sangam 2024 (20 March 2024)

At the beginning of the event, Vice Chancellor Prof. Sangeeta Shrivastava lit the lamp.

CENTRAL FACILITIES

CENTRAL LIBRARY

Introduction:

History: The Central Library has started its journey on the path of improvement. It was established to cater the needs of the students, research scholars, and teachers of the University. It not only helps in supporting the class room instructional programmes of the university, but also unfolds the horizon of knowledge in regard to the different research programmes carried out by the university.

The Central Library developed out of the library of the Muir Central College, Allahabad (established in 1872, and affiliated with the university from 1872 to 1922, when it was subsumed in the university upon beginning its career as a teaching university). Foundation stone of the university library building was laid by Sir John Hewett on 17th Jan. 1910.

The University Library was started in 1916. In 1946-47, Dr. S.R. Ranganathan, father of library science in India, was invited to suggest ways and means of improving the library. He submitted the development plan in March 1947, which was published by the university in the same year. Its contents covered wide range of areas: such as new library building, manpower, finance and other relevant items. A special committee was constituted to review the library development plan submitted by Dr. Ranganathan. The committee pointed out that the central library building constructed in 1913-16 was inadequate. The most satisfactory thing would be to erect a new building designed in accordance with the modern library practice. It recommended the conversion of the Darbhanga Hall into a reading room for 500 under-graduates (250 on the ground floor and 250 on the first floor. A portion of the graduates reading room was to be divided into private cubicles for the use by serious students or research scholars. After sometimes it was felt that space in Darbhanga hall is inadequate to store the reading materials and provide library services. The present library building was constructed in 1973. The present library building is more spacious and has potential for further expansion. The old library building is now occupied by the office of the Registrar, as well as Accounts and General section of the University. University has started construction of a three (03) floors library building for the benefits of users. The construction of the building is almost completion stage.

Dewey Decimal Classification Scheme (DDC) and Anglo American Cataloguing Rules-2nd edition (AACR-2) are followed for the purpose of classifying and cataloguing the documents. SOUL (3.0) is being used for library automation.

ICT FACILITIES

The Information and Communication Technology (ICT) cell, University of Allahabad (UoA) plays a pivotal role in integrating modern technology into the academic environment. It provides access to advanced devices such as smart boards, projectors, and digital labs, all of which contribute to creating an engaging and interactive learning atmosphere. Additionally, the university leverages online classrooms and video conferencing tools to enable remote learning, ensuring that education is accessible to all, regardless of geographical constraints. The adoption of these technologies not only improves the quality of education but also encourages collaboration, critical thinking, and the development of digital literacy among students.

The University of Allahabad (UoA) offers a robust and standardized management system for electronic resources, enhancing student engagement and facilitating easy access to their curriculum. Here are the key features:

1. **Comprehensive Digital Resource Management:** UoA provides students with access to a variety of digital resources, including video tutorials, e-books, e-notes, journals, and interactive e-content. This comprehensive digital library helps students grasp their curriculum more effectively and fosters a deeper learning experience.
2. **Advanced Network Infrastructure:** The University has established a modern network of devices and equipment that allows for seamless sharing of resources and information. With just one click, students and faculty can access resources locally and globally, ensuring that learning and research materials are easily available.
3. **High-Speed Internet Connectivity:** UoA offers a high-speed 1 Gbps internet network, with dual operating modes of LAN (Local Area Network) and WAN (Wide Area Network). This network is available across the entire campus, including hostels, enabling fast and reliable internet access for academic and personal use.

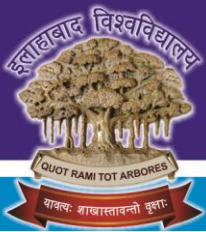

These features collectively create an environment that supports academic excellence and enhances the overall learning experience for students at UoA.

In the year 2023-24, University of Allahabad also moved towards the advancement in ICT services

- University of Allahabad had achieved its goals for implementation and fully functional **'e-office File Management System'** with an objective to transform the university into a digitally empowered, and transparent paperless working mode under the leadership of our Hon'ble Vice-Chancellor, University of Allahabad. Furthermore, the installation of standard and advance storage data centre had also been done at ICT cell to manage the regular administrative as well as official work system. Now, as per the notification of Registrar, UoA (No. 05/R/1766/2023 dated 08th August, 2023), all the units of the university are using e-office File Management System for file processing.
- As per the guidelines of Ministry of Education and continuous efforts of the Hon'ble Vice Chancellor, ICT Cell has successfully configured almost 50% of the **SAMARTH modules**. Some notable achievements are listed below:
- This year the university is doing CUET based UG admissions through SAMARTH portal and overall lifecycle of all the admitted students will be monitored through SAMARTH portal.
- The university has successfully configured mandatory financial module to disburse salary in one click through SAMARTH portal and to generate digital salary slips in regards to digital India initiative of Government of India.
- ICT cell had worked rigorously to install and repair **CCTV cameras** in Senate Campus and various hostels to enhance security measures across university premises. Also, the science faculty of university is now equipped with 24x7 CCTV Surveillance System, at its important places.
- ICT cell has resolved various issues of **internet connection** in the university campus as well as in Hostels in past one year
- ICT cell UoA has also enriched in terms of manpower in last one year, as nine new newly appointed **permanent technical staffs** have joined team ICT. The team is giving their best to improve the quality of service.

Further, UoA has also planned for enhancing its ICT facilities in coming years:

- ICT enabled smart classrooms university wide.
- Upgradation of Physical Network environment to manage entire IT ecosystem of the university.
- Fully functional SAMARTH platform to provide digital and fast services to students as well as employees.
- Upgradation of University website to fully dynamic.
- Increase in bandwidth of internet speed for faster and more reliable data sharing.

UNIVERSITY PLACEMENT CELL (UPC)

Vision:

- **Strategic Partnership Development:** The Placement Cell established a successful partnership with Deloitte Tax Services India Pvt. Ltd., resulting in the placement of 13 M.Com students. This collaboration has laid the groundwork for the development of strategic partnerships with similar reputable campus hiring organizations.
- **Extensive Engagements with Reputed Organizations:** The Placement Cell has fostered active engagement with a range of reputable organizations, including the Azim Premji Foundation, Deloitte, TCS, and Federal Bank. This network development has created a robust pipeline of prospective and highly-regarded campus hiring partners and has the potential to facilitate the placement of over 300 students from the 2024 batch in the coming months.

UGC-MALAVIYA MISSION TEACHER TRAINING CENTRE (Formerly Human Resource Development Centre)

At the outset this is to inform all the concerned that Human Resource Development Center is now known as Malaviya Mission Teacher Training Center from 5 September, 2023.

The National Education Policy (NEP) 2020 emphasizes the creation of motivated, energized, and capable faculty. The capacity building of teachers at all levels has been one of the major thrust areas in the field of higher education. Existing centres for capacity building of faculty, i.e. UGC- Human Resource Development Centres (HRDCs) or Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching Centers (PMMMNMTT) have contributed immensely towards training faculty of Higher Education Institutions (HEIs) to ensure more effective teaching. However, continuous professional development of faculty in all disciplines is required in light of the dynamic nature of teaching-learning pedagogy. Thus Malaviya Mission is proposed through restructuring/reframing of the existing scheme/ mechanism of the capacity building of faculty in Department of Higher Education. The Mission envisages capacity-building, training for the faculty and staff across higher educational institutions, in the light of NEP 2020, within three years through multiple training centers. The outcome of the capacity-building training will be the metamorphosis of higher education in terms of Indian values, teaching, research, publication, patents, and institutional development.

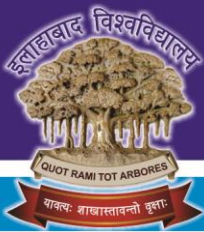

National Education Policy (NEP) 2020 presents a watershed moment in the Indian Education ecosystem. Redesigning the higher education ecosystem as envisaged by NEP 2020 requires strengthening the role of the faculty. NEP 2020 also envisions that pedagogy must become learner-centered with mechanism for continuous, comprehensive evaluation and assessment of learners.

Objectives of the Scheme:

- Improving the quality of Education at all levels by infusing quality and excellence in our teachers and teaching.
- To develop innovative teaching method and high-level institutional facilities in all the constituent areas of higher education.
- To impart pedagogy-related training and improve faculties' soft and practical skills.
- To ensure holistic development of the teachers and learners with inculcation of ethics and human values as enshrined in Indian culture.
- To develop multidisciplinary and critical thinking ability.
- To familiarize the faculty with the Indian Knowledge Systems.
- To build respect for the eco-balance and biodiversity existing in the nature.
- To undertake quality research in line with the local, national, and global needs.
- To make it known that higher education is for social upliftment and inclusiveness.
- To develop the know-how to prepare transformative pedagogy with ICT intervention.
- To build life skills and global citizenship values.
- To ensure the role of faculty as active participants in institution building.
- Improve the quality of teaching and empower Faculty members through training, induction, refresher and short term programs and ensure their continuous professional development.

Proposed Outcome of the Scheme

- Faculty members will get trained to impart holistic education, imbibing the ideals of Indiacentric ethics and human values.
- Teacher's participant will acquire the concept of the Indian Knowledge System and apply it in real life for the advancement and creation of knowledge.
- The learners would be able to generate new ideas/materials with a multidisciplinary and cross-disciplinary thinking approach.
- The learners will develop critical thinking and problem solving skills in a socio- cultural milieu.
- The learners will develop respect for the preservation of biodiversity.
- The learners will get inclined towards conducting quality research to solve local, national, and global problems through innovation and entrepreneurial skills.
- The learners would become reflective practitioners.
- The learners will develop the capacity to integrate ICT tools into the learning process.

- The faculty will realize its role in institution building.

Themes identified for course curriculum/content for Capacity building of Faculty Members in HEIs

- Holistic and Multidisciplinary Education
- Indian Knowledge Systems
- Academic Leadership, Governance, and Management
- Higher Education and Society
- Research and Development
- Skill Development
- Student Diversity and Inclusive Education through Information and Communication Technology.

The main aim of the MMTTC (HRDC), UoA is to facilitate quality education by upgrading the knowledge and performance of teachers serving in universities and colleges through various academic activities such as faculty induction programmes, refresher programmes, short term courses, webinar on recent advancements and emerging topics etc. under the leadership of UGC. The MMTTC (HRDC), UoA always providing an ample opportunity to its participants to interact with eminent resource persons and academicians to share their experiences. The programmes organized by the center have a wide spectrum of topics which provides a crucial link between motivation of teachers for creative and innovative teaching & research, commitment towards their profession, academic leadership and quality education. Some of the approaches undertaken by the MMTTC (HRDC) to fulfill its aims to enhance the personality, performance, awareness and knowledge of the teacher participants include:

- Invocation of basic thoughts on being a good teacher - values, character, commitment, team building, work culture, human resource development and academic leadership qualities required in teachers for societal transformation,
- Creating computer awareness and in this way developing IT trained human capital for quality education of the future generation by using various IT related equipment such as LCD, OHP, online digital platforms etc.
- Revitalizing inputs for higher education through teacher empowerment, inter- disciplinary dialogues, open and flexible trans-disciplinary subjects, innovative teaching methodologies, collaboration with academic, research and specialized institutes.
- Creating awareness about the higher education system, rules, regulations, statutes and policies, motivation for research, project writing, funding agencies and avenues.
- Weaving gender justice and gender equality in the system through lectures/ workshops/seminars on capacity building, gender sensitization and gender awareness.
- Stressing the importance of mental and physical health through lectures and demonstrations by Yoga experts and practice sessions among the teacher participants. This has become an integral part of all orientation/induction programmes
- Organizing programmes and activities related to social and communal harmony, secularism and national integrity such as lectures and literary programmes, essay writing competitions, cultural evenings, group discussions, seminars etc.
- Inviting eminent resource persons and subject experts for both Faculty Induction Programmes and Refresher Courses and providing an opportunity to interact with them.

Session 2023-2024, for which the report is being submitted, strictly adhering with the guidelines received from UGC, New Delhi, the MMTTC(HRDC), UoA has successfully completed almost its entire programmes through **online mode** only as per the allocation. The following table summarizes various programmes organized by MMTTC(HRDC), UoA during academic session 2023- 24:

Like previous years UGC-MMTTC (HRDC), University of Allahabad has contributed efficiently towards sustaining quality in higher education which is the basis of NEP 2020, socio-cultural, economic and scientific development of a nation by:

- continuous improvement of processes, products and services through well defined, well planned and well managed programs
- Implementation of technology rich approach in accelerating the transfer of knowledge to the diversified population of participants in terms of age, gender, ethno-religious background and socio-economic profile
- Developing a sound and value-based education system and motivating teachers for creative and innovative teaching, learning and research environment
- Invocation of basic thoughts on being a good teacher - qualities, character, commitment and academic leadership required in the teachers for societal transformation
- Development of IT trained human capital required for quality education which is at the crossroads of finding directions for future generations, characterized by the Information & Communication revolutions
- revitalizing inputs through teacher empowerment, inter-disciplinary dialogues and open and flexible trans- and multidisciplinary subjects
- Designing a regular feedback mechanism from the resource persons and participants for upgrading our programmes to fulfil our goals
- Innovative teaching methodologies, interactive sessions, group discussions, capacity building programmes and essay writing competitions

Apart from the regular lectures and interactive sessions with the eminent resource persons and the participants, the MMTTC (HRDC) has also organized:

ARYA KANYA DEGREE COLLEGE

Introduction:

The College, affiliated to the Allahabad University was founded on the principles of Maharshi Dayanand Saraswati who was a social reformer and educationist. It was established in the year 1975, the International Year of Women, and was a Constituent College of Allahabad University on 14th July, 2005 the year the University achieved Central status.

The goals and objectives of the College which is situated in the thickly populated area of the city are focused towards education and empowerment of women specially from the backward areas. Our endeavour has been to promote independent thinking among young girls and make them responsible citizens so that they play the role of an anchor in their own families.

The College offers graduate degrees in Arts and Commerce, post graduate degree in Arts and will soon be starting courses in Five Year Integrated Law and Science. Doctoral programme is offered in Political Science, Education, Hindi, English, Sociology and Music Vocal.

ISWAR SARAN DEGREE COLLEGE

Introduction:

Established in 1970 under the auspices of the Harijan Sewak Sangh, Iswar Saran Degree institution is a prestigious constituent institution of the University of Allahabad, Prayagraj. The late Munshi Iswar Saran, a close friend of Mahatma Gandhi, created this institution. Mahatma Gandhi visited our campus twice because of the close relationship and link between him and Late Munshi Ji, which gave our institution historical value. The group was then called Iswar Saran Ashram in honor of its founder. 'College with Potential for Excellence' (CPE) designation has been awarded to Iswar Saran PG College by the UGC. The college's goal is to equip students with the information, abilities, values, and character that will enable them to meet the ever-evolving global problems of life. The institution offers a variety of certificate programs in addition to its standard academic offerings. These classes provide students the tools they need to deal with life's obstacles and issues and have a positive impact on society as a whole.
