Vincent, A. (2004). The Nature of Political Theory. New York: Oxford University Press, 2004, pp.19-80.

B.A. SEMESTER-I
PAPER II
MAJOR 02 - THEORY AND PRACTICE OF MODERN GOVERNMENTS
(UNITED KINGDOM, UNITED STATES OF AMERICA, CHINA) (4 Credits)

Course Objectives: The purpose of this course is to equip students to understand government and politics through a comparative perspective. The course is expected to bring to the students a thorough understanding of the historical contexts in which political systems and institutional structures take distinct forms and acquire unique features. The course aims at acquainting students with the manner in which comparison is used as a method to understand the historical transformations in governmental forms, regime types, and political systems.

Course Outcomes:

On successful completion of the course, students would be able to:

- Understand the nature, evolution and characteristics of the political systems
- Understand the methodology of comparisons and acquire an analytical approach towards understanding similarities and differences among key political institutions
- Develop critical understanding about regimes, structures, functions and processes in politics
- Understand patterns of governance and political diversity/complexity around the world
