| 14 Prof. J.N. Tripathi, Dept of Earth and Planetary Science | Member Sec./Coordinator |

- i. The university is providing all necessary support for the continuation of teaching and learning during time of COVID pandemic and it has been decided to continue the teaching and learning practices in online mode only (vide letter No. 05/R/325/2021 dated 31/05/2021) in the interest of faculty and students.
- ii. The shortage of Teaching and non-teaching members at the University of Allahabad is a major issue of concern and our Honourable Vice Chancellor is continuously trying to remove this obstacle to the achieving of past glory of the university. In order to address the demand to fill the vacant teaching and non-teaching positions at the university a detailed advertisement will be circulated soon.
- iii. Pioneer and innovative research output is the hallmark of the University of Allahabad, but travel restrictions during the COVID-2019 pandemic hampered the research activities of the university. So, it has been discussed to think of an alternative to avoid the physical presence of research scholars as well as the examiners. The possibilities for formulating a department-level committee to mentor the students joining the academic activities from their home location are discussed.
- iv. The possibilities and modalities have been discussed to develop a digital feedback platform in order to gather candid input from the university's stakeholders including alumni feedback. It has been suggested that students should share and update their details of placement.

The meeting concluded with a *Vote of Thanks* to the chair.
